Extra Surface Area Gives Tremendous Power To Clamp Hold & Even The Tightest Barrel

To compliment our "Ring-Of-Steel" Action Wrench System, we've developed the only professional-quality Barrel Vise that will positively clamp and keep even the tightest barrel from turning during removal. Machined from solid steel for increased durability to service the barrel installation and removal needs of any gunsmith for years and years. Our exclusive, four cap screw system and the extra-wide design generates so much holding force, Brownells Barrel Vise must be firmly bolted to the stoutest bench or immovable base to fully realize its greatest potential. Aluminum, split barrel bushings come in eight different hole sizes and one, special, pre-machined bushing to make this universal Barrel Vise system the very first choice of professional gunsmiths. Steel Bushings provide years of service, plus have the necessary clamping power to break loose the tightest barrels. Aluminium Bushings give exceptional holding ability without marking your barrel. Allen Head Bolt Kit - $\frac{1}{2}$ "-20 tpi x 2" long. Used to hold Top and Bottom Blocks together. Kit includes four bolts and the correct, $\frac{3}{8}$ " Allen wrench for these bolts.

Safety Instructions for BARREL VISE ALLEN BOLT KIT

Introduction

Thank you for choosing the BARREL VISE ALLEN BOLT KIT by BROWNELLS. This product is designed to provide a secure and reliable method for clamping barrels during installation and removal. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Follow all instructions provided in this manual to avoid potential hazards.
- Ensure the workspace is clean, dry, and free from obstructions before use.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using this product.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use. Do not use if damaged.
- In case of an emergency, discontinue use and seek assistance.

Specific Safety Precautions for Use

- Ensure the Barrel Vise is securely bolted to a sturdy workbench before use.
- Use only the provided Allen head bolts for assembly and ensure they are tightened properly.
- Do not exceed the recommended clamping force to avoid damaging the barrel or the vise.
- Use the appropriate size bushings for the barrel being worked on to ensure a proper fit.
- Avoid using the Barrel Vise on barrels that are excessively rusted or corroded.
- Always check that the barrel is properly seated in the vise before applying force.
- Never place your hands or any body parts near the clamping area while the vise is in use.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary components: Barrel Vise, Allen head bolts, and bushings.
- Select the appropriate bushing size for your barrel.

2. Installation:

- Position the Top Block and Bottom Block of the Barrel Vise on a sturdy workbench.
- Insert the selected bushing into the Bottom Block.
- Align the Top Block with the Bottom Block and insert the Allen head bolts through the blocks.
- Use the provided 3/8" Allen wrench to tighten the bolts securely, ensuring the blocks are firmly clamped together.

3. Usage:

- Place the barrel securely in the bushing of the Bottom Block.
- Adjust the Top Block to make contact with the barrel and ensure it is properly aligned.
- Gradually tighten the bolts to secure the barrel in place. Do not overtighten.
- Perform the necessary installation or removal tasks while ensuring the barrel remains secure.

4. PostUse:

- Once the work is completed, carefully release the tension on the bolts.
- Remove the barrel and clean the Barrel Vise to maintain its condition.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- For the Barrel Vise and its components, check local recycling guidelines.
- Do not dispose of the product in household waste if it contains hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the BARREL VISE ALLEN BOLT KIT, please refer to the contact details provided by the manufacturer or authorized retailer. Always ensure to have the product information on hand when seeking assistance.

Thank you for following these safety instructions. Your safety is our priority.
