

1911 RAIL SWAGING PUNCHES - BROWNELLS DOUBLE FRAME RAIL SWAGE PUNCH FOR 1911

[Gunsmith Tools](#) > [Handgun Tools](#) > [Slide Tools](#)

Helps Prevent Frame Rail Damage

Puts downward swaging pressure directly onto the frame rails and not on the frame. Giant steel punches with specially machined steps prevent overpeening and crushed frame rails. Single or Double design allows tightening only the specific rail area required for closer frame-to-slide fit.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Risk of injury from improper handling of the swaging punches.
 - Potential for damage to the firearm if used incorrectly.
- **Instructions for Avoiding Hazards:**
 - Always ensure the firearm is unloaded before using the swaging punches.
 - Use the swaging punches only on the specified areas of the frame rails.
 - Do not apply excessive force; follow manufacturer guidelines for pressure application.
 - Avoid using the product in damp or wet conditions to prevent slipping and accidents.
- **Age Restrictions:**
 - This product is intended for adult use only. Keep away from children.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded and free of ammunition.
- Gather all necessary tools and materials before beginning the swaging process.

2. Using the Swaging Punch:

- Select the appropriate punch design (single or double) based on the specific rail area you need to tighten.
- Position the punch directly onto the frame rail where swaging is required.
- Apply downward pressure on the punch. Ensure that the pressure is directed onto the frame rails and not the frame itself.
- Monitor the swaging process closely to prevent overpeening and damage to the frame rails.

- After achieving the desired fit, remove the punch carefully.

3. **PostUse:**

- Inspect the frame rails to ensure they are not damaged.
- Clean the swaging punch after use to maintain its condition.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal waste.
- Do not dispose of the product in regular household waste.
- If the product is damaged beyond repair, contact local authorities for appropriate disposal methods.
