

DETENT BALL SPRING KIT

[Gunsmith Tools & Supplies](#) > [Small Hardware](#) > [Bulk Spring Kits](#)

Correctly-Sized To Match The Detent Ball Kit

Never search for the right detent ball spring again. Save your valuable time, and money, with this Kit of correctly-sized "in-the-hole" coil springs - a perfect match for each and every size contained in our Detent Ball Kit. You get 20 each of eight springs to match the eight most popular sizes of detent balls used in the gunsmithing industry. The springs are made with two "closed" (finished) ends and enough length that one spring can usually be made into two; a double value.

Safety Instruction Guide for DETENT BALL SPRING KIT

Introduction

Thank you for choosing the DETENT BALL SPRING KIT. This kit is designed to provide you with the correct sized coil springs for detent balls used in gunsmithing. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always read and understand the product instructions before use.
- Keep this product out of reach of children and vulnerable individuals.
- Inspect the kit for any visible damage before use. Do not use damaged components.
- Do not use the springs for any purpose other than their intended use.
- Report any unsafe products or incidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that you are using the correct size spring for your application.
- Handle the springs carefully to avoid injury from sharp ends.
- Wear appropriate personal protective equipment (PPE) such as gloves and safety glasses when handling or installing the springs.
- Avoid using excessive force when installing springs to prevent breakage or injury.
- If you are unsure about the installation process, seek assistance from a qualified professional.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and components before starting the installation.
- Ensure your workspace is clean and well lit.

2. Selecting the Right Spring

- Choose the appropriate spring size from the kit based on your detent ball size. The kit includes the following diameters:
 - 1/16 in
 - 3/32 in
 - 1/8 in
 - 5/32 in
 - 3/16 in
 - 7/32 in
 - 1/4 in
 - 9/64 in

3. Installation Steps

- Carefully remove the selected spring from the kit.
- Insert the spring into the designated hole or compartment.
- Ensure the spring is seated properly and securely.
- If necessary, trim the spring to the desired length, keeping in mind that one spring can usually be

made into two.

4. Final Inspection

- After installation, inspect the assembly to ensure everything is secure.
- Test the mechanism to ensure it operates smoothly without obstruction.

Disposal Instructions

- Dispose of any unused or old springs in accordance with local regulations.
- Do not dispose of springs in household waste. Check with local authorities for specific disposal guidelines.

Contact Information for Further Support

For any safety inquiries or product support, please consult the contact details provided on the product packaging or visit the manufacturer's website.

By following these guidelines, you can ensure the safe and effective use of the DETENT BALL SPRING KIT. Thank you for your attention to these important safety measures.
