

BARREL VISES W/ BUSHINGS - BROWNELLS BARREL VISE WITH #12 & #13 STEEL BUSHING I.D. M14/GARAND

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Barrel Vises](#)

Extra Surface Area Gives Tremendous Power To Clamp Hold & Even The Tightest Barrel

To complement our “Ring-Of-Steel” Action Wrench System, we’ve developed the only professional-quality Barrel Vise that will positively clamp and keep even the tightest barrel from turning during removal. Machined from solid steel for durability to service the barrel installation and removal needs of any gunsmith for years and years. Our exclusive four bolt system and extra-wide design generates so much holding force, the Brownells Barrel Vise must be firmly bolted to the stoutest bench or an immovable base to realize its full potential. Split barrel bushings come in a variety of sizes to fit many popular barrels (and some not-so-common ones) to make this universal Barrel Vise system the very first choice of professional gunsmiths. Steel Bushings provide years of service and have the necessary clamping power to break loose the tightest barrels. Aluminum Bushings also give a strong hold without risk of marring your barrel.

Attributes

- Name: [BROWNELLS BARREL VISE WITH #12 & #13 STEEL BUSHING I.D. M14/GARAND](#)
- Manufacturer: [BROWNELLS](#)

Safety Instruction Guide for Brownells Barrel Vises with Bushings

Introduction

Thank you for choosing the Brownells Barrel Vises with Bushings. This product is designed to provide a reliable and secure method for barrel installation and removal. To ensure safe and effective use, please read this safety instruction guide thoroughly before using the product.

General Safety Guidelines

- Always use the Barrel Vise in accordance with the manufacturer's instructions.
- Ensure that the work area is clean, welllit, and free from distractions.
- Keep all tools and accessories away from children and unauthorized users.
- Regularly inspect the Barrel Vise and bushings for any signs of wear or damage before use.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling firearms and tools.
- Report any unsafe conditions or product malfunctions to the appropriate authorities.

Specific Safety Precautions for Use

• Potential Hazards:

- Risk of injury from slipping or dropping the barrel during installation or removal.
- Risk of damage to the barrel if improper bushings are used.
- Risk of marring or damaging the finish of the barrel.

• To Avoid Hazards:

- Always ensure the barrel is securely clamped before applying force.
- Select the correct bushing size for the barrel being worked on.
- Do not exceed the recommended torque limits when using the Barrel Vise.
- Avoid using the Barrel Vise with damaged or worn bushings.
- Ensure that the Barrel Vise is firmly bolted to a stable workbench or base before use.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools including the Barrel Vise, bushings, and Allen head bolts.
- Ensure the workbench or base is solid and stable.

2. Choosing the Correct Bushing:

- Select the appropriate bushing size for your barrel. Refer to the specifications provided:
 - #4, 7, 8, 9, 10, and 11 for most rifle barrels.
 - #5 for military Mauser 98 barrels.
 - #6 for Remington factory .3006 Sporter barrels.
 - #12 & 13 for standard and heavy M14/M1A/M1 Garand barrels.
 - #15 for FN FAL barrels.
 - #16 for $\frac{3}{4}$ " octagonal barrels.

3. Installation:

- Place the bottom block of the Barrel Vise on a stable surface.
- Insert the selected bushing into the bottom block.
- Position the barrel into the bushing.
- Align the top block with the barrel and bushing.
- Securely fasten the top block to the bottom block using the provided Allen head bolts. Ensure all bolts are tightened evenly.

4. Usage:

- When removing or installing a barrel, apply steady and even pressure.
- If resistance is met, do not force the barrel. Instead, check the clamping pressure and bushing fit.
- After use, carefully remove the barrel and clean the Vise and bushings.

Disposal Instructions

- Dispose of the Barrel Vise and any damaged parts in accordance with local regulations.
- Do not dispose of the product in household waste. Check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any safety inquiries, concerns, or product support, please contact the manufacturer directly or refer to the product packaging for more information.

By following these guidelines, you can ensure the safe and effective use of your Brownells Barrel Vises with Bushings. Thank you for your attention to safety, and enjoy your product.
