

# BARREL VISES W/ BUSHINGS - BARREL VISE WITH #15 STEEL BUSHING I.D. FAL

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Barrel Vises](#)

## Extra Surface Area Gives Tremendous Power To Clamp Hold & Even The Tightest Barrel

To complement our "Ring-Of-Steel" Action Wrench System, we've developed the only professional-quality Barrel Vise that will positively clamp and keep even the tightest barrel from turning during removal. Machined from solid steel for durability to service the barrel installation and removal needs of any gunsmith for years and years. Our exclusive four bolt system and extra-wide design generates so much holding force, the Brownells Barrel Vise must be firmly bolted to the stoutest bench or an immovable base to realize its full - potential. Split barrel bushings come in a variety of sizes to fit many popular barrels (and some not-so-common ones) to make this universal Barrel Vise system the very first choice of professional gunsmiths. Steel Bushings provide years of service and have the necessary clamping power to break loose the tightest barrels. Aluminum Bushings also give a strong hold without risk of marring your barrel.

# Safety Instruction Guide for BARREL VISES W/ BUSHINGS

## Introduction

Thank you for choosing the BARREL VISES W/ BUSHINGS. This product is designed to assist gunsmiths in safely installing and removing barrels. To ensure your safety and the proper use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the Barrel Vise.
- Keep the work area clean and welllit to avoid accidents.
- Ensure that children and vulnerable individuals are kept away from the work area during use.
- Regularly inspect the Barrel Vise and its components for wear and damage. Do not use if damaged.
- Report any unsafe product experiences to the appropriate authorities.

## Specific Safety Precautions for Use

- Always secure the Barrel Vise firmly to a stable workbench or immovable base before use.
- Ensure that the correct bushing size is used for the barrel being worked on to avoid slippage and potential injury.
- Do not exceed the recommended torque settings when clamping the barrel.
- Avoid using excessive force when removing a barrel; if resistance is encountered, reassess the situation before proceeding.
- Never place your hands or body in the path of the clamping mechanism while in use.
- Use caution when handling sharp tools or components associated with the Barrel Vise.

## Instructions for Installation and Usage

### 1. Installation:

- Choose a sturdy workbench or immovable surface for mounting the Barrel Vise.
- Align the bottom block of the Barrel Vise with the surface and mark the locations for the mounting holes.
- Drill holes for the mounting bolts as per your markings.
- Secure the bottom block using the provided 1/2"20 x 2" Allen head bolts and ensure it is tightly fastened.
- Attach the top block to the bottom block, ensuring it is aligned correctly.

### 2. Using the Barrel Vise:

- Select the appropriate bushing for the barrel you will be working on.
- Insert the bushing into the top block of the Barrel Vise.
- Place the barrel into the bushing, ensuring a snug fit.
- Tighten the top block using the Allen head bolts, applying even pressure to secure the barrel.
- Proceed with the installation or removal of the barrel as needed.
- After use, carefully release the pressure on the top block and remove the barrel.

## **Disposal Instructions**

- Dispose of the Barrel Vise and its components in accordance with local regulations.
- If the product is no longer usable, consider recycling metal parts where possible.
- Ensure that any hazardous materials are disposed of safely and responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of the BARREL VISES W/ BUSHINGS, please consult the manufacturer's support resources or your local authorities for guidance on product safety and compliance.

Thank you for prioritizing safety while using the BARREL VISES W/ BUSHINGS. Your adherence to these guidelines will help ensure a safe and effective working environment.
