

BARREL VISES W/ BUSHINGS - BROWNELLS BARREL VISE WITH #16 ALUMINUM BUSHING I.D. OCTAGON BARREL

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Barrel Vises](#)

Extra Surface Area Gives Tremendous Power To Clamp Hold & Even The Tightest Barrel

To complement our “Ring-Of-Steel” Action Wrench System, we’ve developed the only professional-quality Barrel Vise that will positively clamp and keep even the tightest barrel from turning during removal. Machined from solid steel for durability to service the barrel installation and removal needs of any gunsmith for years and years. Our exclusive four bolt system and extra-wide design generates so much holding force, the Brownells Barrel Vise must be firmly bolted to the stoutest bench or an immovable base to realize its full potential. Split barrel bushings come in a variety of sizes to fit many popular barrels (and some not-so-common ones) to make this universal Barrel Vise system the very first choice of professional gunsmiths. Steel Bushings provide years of service and have the necessary clamping power to break loose the tightest barrels. Aluminum Bushings also give a strong hold without risk of marring your barrel.

Barrel Vise with #16 Alum. Bushing I.D. Octagon Bbl.

Attributes

- Name: [BROWNELLS BARREL VISE WITH #16 ALUMINUM BUSHING I.D. OCTAGON BARREL](#)

Safety Instruction Guide for BARREL VISES W/ BUSHINGS

Introduction

Thank you for choosing the BARREL VISES W/ BUSHINGS. This product is designed to help you securely hold rifle barrels for various applications, ensuring safety and precision during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the barrel vise.
- Keep the work area clean and organized to prevent accidents.
- Store the product in a dry and secure location when not in use.
- Regularly inspect the barrel vise and bushings for signs of wear or damage before use.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Do not exceed the specified torque limits when tightening the bolts to avoid damaging the product or causing injury.
- Ensure that the barrel is properly aligned and securely held in place before beginning any work.
- Avoid using the barrel vise with damaged or improperly sized bushings.
- Do not use the barrel vise for any purpose other than holding rifle barrels.
- Keep hands and other body parts clear of moving parts during operation.
- Always follow the manufacturer's instructions for installation and usage.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and equipment, including the barrel vise, bushings, and Allen head bolts.
- Ensure that the work area is welllit and free from obstructions.

2. Installation:

- Place the bottom block of the barrel vise on a stable surface.
- Align the top block with the bottom block and secure it using the provided $\frac{1}{2}"$ 20 x 2" Allen head bolts.
- Ensure that the bottom block is drilled and countersunk for $\frac{1}{2}"$ diameter mounting bolts if required.

3. Selecting Bushings:

- Choose the appropriate bushing for your rifle barrel. Refer to the specifications to ensure a proper fit.
- Insert the bushing into the top block of the barrel vise.

4. Securing the Barrel:

- Place the rifle barrel into the bushing, ensuring it fits snugly.

- Tighten the bolts on the top block to secure the barrel in place. Do not overtighten.

5. Usage:

- Perform the required work on the barrel while ensuring that it remains securely held in the vise.
- Periodically check the tightness of the bolts during prolonged use.

6. Completion:

- Once work is completed, carefully loosen the bolts and remove the barrel from the vise.
- Clean the barrel vise and bushings after use to maintain their condition.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal and plastic waste.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, consider recycling the materials where possible.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product issues, please contact your local distributor or manufacturer. Ensure that you have the product details ready for efficient assistance.

Thank you for taking the time to read this safety instruction guide. By following these guidelines, you can ensure safe and effective use of the BARREL VISES W/ BUSHINGS.
