## Extra Surface Area Gives Tremendous Power To Clamp Hold & Even The Tightest Barrel

To complement our "Ring-Of-Steel" Action Wrench System, we've developed the only professional-quality Barrel Vise that will positively clamp and keep even the tightest barrel from turning during removal. Machined from solid steel for durability to service the barrel installation and removal needs of any gunsmith for years and years. Our exclusive four bolt system and extra-wide design generates so much holding force, the Brownells Barrel Vise must be firmly bolted to the stoutest bench or an immovable base to realize its full - potential. Split barrel bushings come in a variety of sizes to fit many popular barrels (and some not-so-common ones) to make this universal Barrel Vise system the very first choice of professional gunsmiths. Steel Bushings provide years of service and have the necessary clamping power to break loose the tightest barrels. Aluminum Bushings also give a strong hold without risk of marring your barrel.

# Safety Instruction Guide for BARREL VISES W/ BUSHINGS

## Introduction

Thank you for choosing the BARREL VISES W/ BUSHINGS. This product is designed to provide a safe and efficient way to clamp and hold barrels during installation and removal. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always use the Barrel Vise in a welllit and clean workspace.
- Ensure that the workbench or base used for the Barrel Vise is sturdy and stable.
- Regularly inspect the Barrel Vise and bushings for any signs of wear or damage.
- Keep the work area free from clutter and distractions while using the product.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when working with firearms.
- Ensure that children and vulnerable individuals are kept away from the workspace during use.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Do not exceed the recommended clamping force, as this may damage the barrel or the vise.
- Always use the correct size bushing for the barrel being worked on to prevent slipping or damage.
- Ensure that the barrel is properly seated in the vise before applying any force.
- Never attempt to adjust or modify the Barrel Vise or its components.
- Do not use the Barrel Vise for any purpose other than its intended use.
- Be cautious of sharp edges and moving parts while using the product.
- If you are unsure about the proper use of the Barrel Vise, seek assistance from a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Installation

- Select a sturdy workbench or immovable base to secure the Barrel Vise.
- Use the included 1/2"20 x 2" Allen head bolts to firmly attach the Barrel Vise to the work surface.
- Ensure that the vise is level and stable before proceeding.

### 2. Using the Barrel Vise

- Choose the appropriate bushing based on the barrel size. Refer to the specifications for the correct bushing number.
- Insert the bushing into the Barrel Vise and ensure it is seated properly.
- Place the barrel into the bushing, ensuring it is aligned correctly.
- Gradually tighten the vise to secure the barrel, taking care not to overtighten.
- Perform your tasks on the barrel as needed, ensuring that the vise remains stable during use.
- Once finished, carefully release the tension on the vise and remove the barrel.

### 3. Maintenance

- Regularly clean the Barrel Vise and bushings to prevent rust and ensure smooth operation.
- Store the Barrel Vise in a dry place when not in use to prolong its lifespan.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- If the product is no longer usable, consider recycling metal parts where possible.
- Do not dispose of the product in household waste.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the BARREL VISES W/ BUSHINGS, please consult the manufacturer or retailer from whom you purchased the product. They can provide additional information and support to ensure safe use and compliance with safety standards.

By following these guidelines and instructions, you can ensure a safe and effective experience while using the BARREL VISES W/ BUSHINGS. Thank you for prioritizing safety and responsible usage.
