

BARREL VISES W/ BUSHINGS - BROWNELLS BARREL VISE WITH #12 & #13 ALUMINUM BUSHING I.D. M14/GARAND

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Barrel Vises](#)

Extra Surface Area Gives Tremendous Power To Clamp Hold & Even The Tightest Barrel

To complement our “Ring-Of-Steel” Action Wrench System, we’ve developed the only professional-quality Barrel Vise that will positively clamp and keep even the tightest barrel from turning during removal. Machined from solid steel for durability to service the barrel installation and removal needs of any gunsmith for years and years. Our exclusive four bolt system and extra-wide design generates so much holding force, the Brownells Barrel Vise must be firmly bolted to the stoutest bench or an immovable base to realize its full potential. Split barrel bushings come in a variety of sizes to fit many popular barrels (and some not-so-common ones) to make this universal Barrel Vise system the very first choice of professional gunsmiths. Steel Bushings provide years of service and have the necessary clamping power to break loose the tightest barrels. Aluminum Bushings also give a strong hold without risk of marring your barrel.

Barrel Vise with #12 & 13 Alum. Bushing I.D. M14/Garand

Safety Instruction Guide for BARREL VISES W/ BUSHINGS

Introduction

Thank you for choosing the BARREL VISES W/ BUSHINGS from BROWNELLS. This product is designed to provide a secure and stable platform for working with rifle barrels. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- **Product Safety:** Always ensure that the product is used according to the manufacturer's instructions to minimize risks.
- **Enhanced Recalls:** Be aware of any product recalls and follow the provided instructions to return or remedy the product.
- **Online Shopping Protections:** If purchased online, ensure that the seller complies with EU safety requirements.
- **Special Consumer Focus:** Extra care should be taken when this product is used around children or vulnerable individuals.
- **EU Contact Point:** For any safety inquiries, please refer to the contact point provided on the product packaging or user manual.
- **Rapid Alerts:** Stay informed about product safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the barrel vise is properly secured before use to prevent slipping or movement.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Do not exceed the recommended torque specifications when using the vise.
- Inspect the vise and bushings for any signs of wear or damage before each use.
- Keep the work area clean and free of distractions to maintain focus during use.
- Do not use the barrel vise for purposes other than those specified by the manufacturer.

Instructions for Installation and Usage

1. Installation:

- Place the bottom block of the barrel vise on a stable work surface.
- Secure the bottom block using the provided 1/2"20 x 2" Allen head bolts. Ensure that the bolts are tightened adequately.
- Position the top block on the bottom block, ensuring proper alignment.
- Insert the appropriate bushing into the top block, making sure it fits snugly.

2. Usage:

- Place the barrel into the bushing, ensuring it is centered and supported.
- Gradually tighten the top block to secure the barrel in place. Monitor the pressure to avoid damaging the barrel.
- Perform your work on the barrel while ensuring that all tools and hands are clear of the vise's moving parts.
- After completing your work, carefully release the pressure and remove the barrel from the vise.

3. Maintenance:

- Clean the vise and bushings after each use to prevent rust and ensure longevity.
- Store the barrel vise in a dry place, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the product is no longer usable, contact your local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the BARREL VISES W/ BUSHINGS, please refer to the contact information provided with the product. Ensure you have the product details ready for a more efficient inquiry.

By following these instructions, you can ensure a safe and effective experience with your BARREL VISES W/ BUSHINGS. Thank you for your attention to these safety guidelines.
