

VISE AND BUSHING SETS - BROWNEllS ALUMINUM BARREL VISE SET

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Barrel Vises](#)

To complement our “Ring-Of-Steel” Action Wrench System, we’ve developed the only professional-quality Barrel Vise that will positively clamp and keep even the tightest barrel from turning during removal. Machined from solid steel for durability to service the barrel installation and removal needs of any gunsmith for years and years. Our exclusive four bolt system and extra-wide design generates so much holding force, the Brownells Barrel Vise must be firmly bolted to the stoutest bench or an immovable base to realize its full potential. Split barrel bushings come in a variety of sizes to fit many popular barrels (and some not-so-common ones) to make this universal Barrel Vise system the very first choice of professional gunsmiths. Steel Bushings provide years of service and have the necessary clamping power to break loose the tightest barrels. Aluminum Bushings also give a strong hold without risk of marring your barrel.

VISE AND BUSHING SETS BROWNELLS ALUMINUM BARREL VISE SET Safety Instruction Guide

Introduction

Thank you for choosing the VISE AND BUSHING SET BROWNELLS ALUMINUM BARREL VISE SET. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read and follow these instructions carefully to prevent accidents and injuries.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect the Vise and Bushing Set before use for any signs of damage or wear.
- Use the product in a welllit and organized workspace.
- Keep the workspace free of clutter to avoid accidents.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves.
- Store the product in a dry place, away from children and pets.
- If you experience any discomfort or injury while using the product, stop immediately and seek assistance.

Specific Safety Precautions for Use

- **Clamping Force:** Ensure that the Barrel Vise is securely bolted to a sturdy workbench or immovable base before use. Failure to do so may result in the Vise moving during operation, causing injury.
- **Barrel Compatibility:** Verify that the barrel you are working with is compatible with the bushings provided. Using the wrong size bushing can damage the barrel or the Vise.
- **Tightening Bolts:** Use the provided Allen head bolts to secure the barrel in place. Do not overtighten as this may damage the barrel or the Vise.
- **Handling Bushings:** When changing bushings, handle them carefully to avoid injury. Ensure that they are properly seated in the Vise before use.
- **Avoiding Marring:** If using Aluminum Bushings, ensure they are clean and free from debris to prevent marring of the barrel surface.
- **Children and Vulnerable Groups:** Keep the product out of reach of children and individuals who may not understand how to use it safely.

Instructions for Installation and Usage

1. Installation of the Vise:

- Select a sturdy workbench or immovable base for installation.
- Use the provided bolts to securely attach the Barrel Vise to the workbench.
- Ensure that the Vise is level and stable.

2. Selecting Bushings:

- Choose the appropriate bushing size for the barrel you are working with.
- Refer to the specifications to identify the correct bushing for your barrel type.

3. Inserting the Barrel:

- Place the barrel into the Vise, ensuring it is aligned with the selected bushing.
- Gently tighten the bolts to secure the barrel in place. Do not overtighten.

4. Removing or Installing a Barrel:

- Follow the manufacturer's instructions for the specific barrel you are working with.
- Use appropriate tools to perform the installation or removal process while the barrel is secured in the Vise.

5. Finishing Up:

- Once the work is completed, carefully remove the barrel from the Vise.
- Clean the Vise and bushings after use to maintain their condition.

Disposal Instructions

- Dispose of any damaged or worn parts in accordance with local regulations.
- If the product is no longer usable, recycle it where facilities exist.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries or issues regarding the VISE AND BUSHING SET BROWNELLS ALUMINUM BARREL VISE SET, please refer to the manufacturer's contact information provided with the product packaging or on their official website.

By following these safety instructions, you can ensure a safer and more effective experience with your VISE AND BUSHING SET. Always prioritize safety and consult professionals if unsure about any procedures. Thank you for your attention to these important guidelines.
