

# BARREL VISE BUSHINGS - BROWNELLS #7 (1.150") STEEL BARREL VISE BUSHING

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Vise Accessories](#)

## Extra Surface Area Gives Tremendous Power To Clamp Hold & Even The Tightest Barrel

Aluminum, split barrel bushings come in eight different hole sizes and one, special, pre-machined bushing to make this universal Barrel Vise system the very first choice of professional gunsmiths. Steel Bushings provide years of service, plus have the necessary clamping power to break loose the tightest barrels. Aluminium Bushings give exceptional holding ability without marking your barrel. Solid Bushings - Solid bushings that have NOT been split so you can alter them as you want.

# Safety Instruction Guide for BARREL VISE BUSHINGS BROWNELLS #7 (1.150") STEEL BARREL VISE BUSHING

## Introduction

Thank you for choosing the BARREL VISE BUSHINGS BROWNELLS #7. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the product to familiarize yourself with safety precautions and proper usage.

## General Safety Guidelines

- Ensure the product is used for its intended purpose only.
- Always inspect the bushings for any damage or wear before use.
- Keep the product out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE) such as gloves and safety glasses when handling.
- Follow all local laws and regulations regarding the use of tools and equipment.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Do not exceed the recommended torque specifications when using the bushings.
- Avoid using damaged bushings; replace them immediately.
- Ensure that the bushing is securely fitted before applying force.
- Use the bushings only with compatible barrel sizes as specified in the product specifications.
- Do not modify the bushings in any way that could compromise their integrity.
- Always work in a wellventilated area to avoid inhalation of dust or fumes.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and materials.
- Ensure the work area is clean and free of hazards.

### 2. Choosing the Right Bushing

- Select the appropriate bushing size for your barrel. Refer to the product specifications for compatibility.
- Ensure that the bushing fits snugly without excessive play.

### 3. Installation

- Place the bushing into the barrel vise.
- Ensure the bushing is aligned correctly with the barrel shank.
- Tighten the vise gently until the bushing is secure. Do not overtighten.

### 4. Using the Bushing

- When applying force to loosen or tighten the barrel, maintain a firm grip on the tool.
- Apply force gradually and evenly to avoid damaging the barrel or bushing.
- If resistance is encountered, do not force it. Instead, reassess the alignment and fit.

## 5. **PostUse Care**

- After use, clean the bushings to remove any debris or residue.
- Inspect the bushings for any signs of wear or damage before storing.
- Store the bushings in a dry, cool place away from direct sunlight.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Recycle aluminum and steel materials whenever possible.
- Do not dispose of bushings in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the BARREL VISE BUSHINGS BROWNELLS #7, please refer to the manufacturer's contact information provided with the product packaging or on the manufacturer's website.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with the BARREL VISE BUSHINGS BROWNELLS #7. Always prioritize safety and adhere to the guidelines outlined in this document. Thank you for your attention to these important safety measures.
