

BARREL VISE BUSHINGS - #8 (1.175") STEEL BARREL VISE BUSHING

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Vise Accessories](#)

Extra Surface Area Gives Tremendous Power To Clamp Hold & Even The Tightest Barrel

Aluminum, split barrel bushings come in eight different hole sizes and one, special, pre-machined bushing to make this universal Barrel Vise system the very first choice of professional gunsmiths. Steel Bushings provide years of service, plus have the necessary clamping power to break loose the tightest barrels. Aluminium Bushings give exceptional holding ability without marking your barrel. Solid Bushings - Solid bushings that have NOT been split so you can alter them as you want.

Safety Instructions for BARREL VISE BUSHINGS #8 (1.175") STEEL BARREL VISE BUSHING

Introduction

Thank you for choosing the BARREL VISE BUSHINGS #8 (1.175") STEEL BARREL VISE BUSHING. This product is designed to assist in the safe and effective clamping of barrels during gunsmithing tasks. It is essential to follow the safety instructions outlined in this guide to ensure safe usage and to protect yourself and others.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is to hold barrels securely during gunsmithing.
- Always inspect the bushings for any signs of damage or wear before use.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the product.
- Keep the work area clean and free from clutter to avoid accidents.
- Store the bushings in a dry and secure location when not in use to prevent damage or loss.
- Do not modify the bushings in any way that may compromise their integrity or safety.

Specific Safety Precautions for Use

- Ensure that the barrel is properly aligned and securely clamped before beginning any work.
- Avoid excessive force when tightening the bushing to prevent damage to the barrel or the bushing itself.
- Do not use the bushings on barrels that are excessively rusted or damaged.
- Always follow the manufacturer's instructions for specific applications and usage scenarios.
- Be cautious when working with sharp tools or equipment in conjunction with the bushings.
- Keep children and pets away from the work area during use.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and equipment before starting.
- Ensure that the work area is welllit and organized.

2. Selecting the Correct Bushing:

- Choose the appropriate bushing size based on the barrel diameter. Refer to the product specifications for available sizes.

3. Installation:

- Place the selected bushing into the barrel vise.
- Ensure that the bushing is seated properly and securely.

4. Clamping the Barrel:

- Insert the barrel into the bushing.
- Gradually tighten the vise to secure the barrel in place. Do not overtighten.

5. Working with the Barrel:

- Proceed with your gunsmithing tasks while ensuring that the barrel remains secure.

- Periodically check the tightness of the bushing during use.

6. Completion:

- Once the work is complete, carefully loosen the vise and remove the barrel.
- Inspect the bushing for any signs of wear or damage before storage.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of bushings in regular household waste if they are made of metal; instead, recycle them appropriately.

Contact Information for Further Support

For any safety inquiries or further support, please refer to the manufacturer's contact information provided with the product packaging or visit their official website.

By following these safety instructions, you can ensure a safe and effective experience with your BARREL VISE BUSHINGS #8 (1.175") STEEL BARREL VISE BUSHING. Always prioritize safety and proper usage to achieve the best results. Thank you for your attention to these important guidelines.
