

BARREL VISE BUSHINGS - BROWNELLS #9 (1.200") STEEL BARREL VISE BUSHING

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Vise Accessories](#)

Extra Surface Area Gives Tremendous Power To Clamp Hold & Even The Tightest Barrel

Aluminum, split barrel bushings come in eight different hole sizes and one, special, pre-machined bushing to make this universal Barrel Vise system the very first choice of professional gunsmiths. Steel Bushings provide years of service, plus have the necessary clamping power to break loose the tightest barrels. Aluminium Bushings give exceptional holding ability without marking your barrel. Solid Bushings - Solid bushings that have NOT been split so you can alter them as you want.

Safety Instruction Guide for BARREL VISE BUSHINGS BROWNELLS #9 (1.200") STEEL BARREL VISE BUSHING

Introduction

Thank you for choosing the BARREL VISE BUSHINGS BROWNELLS #9. This guide provides essential safety information to ensure the safe and effective use of this product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure the product is suitable for your specific application and compatible with your tools.
- Inspect the bushings for any damage or wear before each use.
- Always use the product in a welllit and safe environment.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear safety goggles and gloves when using the barrel vise bushings to protect against debris and sharp edges.
- **Proper Handling:** Handle the bushings with care to avoid dropping or misplacing them.
- **Clamping Force:** Do not exceed the recommended clamping force to prevent damage to the barrel or bushings.
- **Work Area:** Ensure your work area is clean and free from distractions to maintain focus while working.
- **Incompatible Materials:** Avoid using the bushings with materials that may cause chemical reactions or corrosion.

Instructions for Installation and Usage

1. Select the Appropriate Bushing:

- Choose the correct size bushing based on the barrel diameter. Refer to the specifications provided.
- Ensure the bushing fits snugly without excessive play.

2. Prepare the Work Area:

- Set up a stable work surface.
- Ensure all tools and materials needed for the installation are within reach.

3. Installing the Bushing:

- Insert the selected bushing into the barrel vise.
- Align the bushing with the barrel to ensure proper fit.
- Secure the bushing in place using the vise clamp, applying even pressure.

4. Using the Barrel Vise:

- Once the bushing is securely installed, proceed with your gunsmithing tasks.
- Monitor the clamping pressure and adjust as necessary to avoid damaging the barrel.

5. Removing the Bushing:

- Carefully release the clamping pressure before attempting to remove the bushing.
- Gently twist and pull the bushing out of the vise.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of bushings in regular household waste if they are made of materials that require special handling.

Contact Information for Further Support

For additional support or inquiries regarding the BARREL VISE BUSHINGS BROWNELLS #9, please refer to the manufacturer's website or customer service resources.

This guide is designed to enhance your safety and ensure proper use of the product. Always follow these guidelines to minimize risks and ensure a successful experience with your BARREL VISE BUSHINGS. Thank you for your attention to safety.
