[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Vise Accessories](#)

Extra Surface Area Gives Tremendous Power To Clamp Hold & Even The Tightest Barrel

Aluminum, split barrel bushings come in eight different hole sizes and one, special, pre-machined bushing to make this universal Barrel Vise system the very first choice of professional gunsmiths. Steel Bushings provide years of service, plus have the necessary clamping power to break loose the tightest barrels. Aluminium Bushings give exceptional holding ability without marking your barrel. Solid Bushings - Solid bushings that have NOT been split so you can alter them as you want.

BARREL VISE BUSHINGS #15 FAL ALUMINUM

BARREL VISE BUSHING Safety Instruction Guide

Introduction

Thank you for choosing the BARREL VISE BUSHINGS #15 FAL ALUMINUM BARREL VISE BUSHING. This product is designed to provide exceptional support and stability when working with rifle barrels. To ensure safe usage and optimal performance, please read and follow all safety instructions outlined in this guide.

General Safety Guidelines

- Always use the product as intended to avoid accidents or damage.
- Inspect the bushings for any signs of damage before each use.
- Keep the bushings and work area clean and free of obstructions.
- Ensure that the barrel is securely clamped before performing any work.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling tools and equipment.
- Be aware of your surroundings and ensure that all individuals in the vicinity are safe during use.

Specific Safety Precautions for Use

- **Potential Hazards:**

- Risk of injury from sharp edges or moving parts.
- Risk of damage to the barrel if the bushing is not properly sized or installed.

- **Avoiding Hazards:**

- Always select the correct bushing size for your specific barrel type.
- Do not attempt to modify or alter the bushings without proper knowledge and tools.
- Never exceed the recommended torque specifications when clamping the barrel.
- If using power tools, follow all manufacturer instructions and safety guidelines.

- **AgeSpecific Warnings:**

- This product is intended for use by adults and should be kept out of reach of children.
- Ensure that any individuals assisting with the use of this product are knowledgeable and trained in safe handling practices.

Instructions for Installation and Usage

1. Selecting the Correct Bushing:

- Choose a bushing that closely matches the shank diameter of your barrel. Refer to the specifications for available sizes.
- Ensure that the selected bushing is compatible with your specific firearm model.

2. Installation:

- Align the bushing with the barrel and ensure it fits snugly.
- Secure the bushing in place using the barrel vise, ensuring it is not overtightened.
- Check that the barrel is held firmly without any movement.

3. Usage:

- When making adjustments or repairs, ensure that the work area is stable and free from distractions.
- Use caution when applying force to the barrel to avoid damaging the bushing or barrel.
- After completing the work, carefully release the clamping pressure and remove the bushing.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not throw bushings into regular trash if they are made of metal; check for recycling options.
- Ensure that any packaging materials are disposed of responsibly, following local recycling guidelines.

Contact Information for Further Support

For any safety inquiries or further assistance, please consult the product packaging or your retailer for contact information.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with your BARREL VISE BUSHINGS #15 FAL ALUMINUM BARREL VISE BUSHING.
