

BARREL VISE BUSHINGS - #16 3/4" OCTAGON ALUMINUM BARREL VISE BUSHING

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Vise Accessories](#)

Extra Surface Area Gives Tremendous Power To Clamp Hold & Even The Tightest Barrel

Aluminum, split barrel bushings come in eight different hole sizes and one, special, pre-machined bushing to make this universal Barrel Vise system the very first choice of professional gunsmiths. Steel Bushings provide years of service, plus have the necessary clamping power to break loose the tightest barrels. Aluminium Bushings give exceptional holding ability without marking your barrel. Solid Bushings - Solid bushings that have NOT been split so you can alter them as you want.

Safety Instruction Guide for BARREL VISE BUSHINGS #16 3/4" OCTAGON ALUMINUM BARREL VISE BUSHING

Introduction

Thank you for choosing the BARREL VISE BUSHINGS #16 3/4" OCTAGON ALUMINUM BARREL VISE BUSHING. This product is designed to provide a safe and effective solution for securing barrels during maintenance and modifications. Please read this safety instruction guide carefully to ensure safe usage and compliance with the relevant EU safety regulations.

General Safety Guidelines

- **Product Safety:** Ensure safe use of this product by following all instructions. This product is compliant with EU General Product Safety Regulation (GPSR).
- **Enhanced Recalls:** Stay informed about any recalls or safety updates related to this product through official channels.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety standards equivalent to those of physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU contact points provided by the manufacturer.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on any unsafe products.

Specific Safety Precautions for Use

- **Read All Instructions:** Before using the product, read all safety instructions and guidelines.
- **Inspect Before Use:** Always inspect the bushings for any signs of damage or wear before each use. Do not use damaged bushings.
- **Wear Protective Gear:** Use appropriate personal protective equipment, including safety glasses and gloves, when handling and using the bushings.
- **Secure Work Area:** Ensure that your work area is clean, welllit, and free from distractions.
- **Proper Handling:** Handle the bushings with care to avoid injury. Do not apply excessive force that could lead to breakage.
- **Avoid Overtightening:** When using the bushings, avoid overtightening as it may damage the barrel or the bushing itself.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and ensure your work area is organized.
- Review the specifications of your barrel to select the appropriate bushing size.

2. Selecting the Right Bushing:

- Choose the correct bushing based on the shank diameter of your rifle barrel. Refer to the specifications provided:
 - #4, 7, 8, 9, 10, and 11 for general use.
 - #5 for military Mauser 98 barrels.
 - #6 for Remington Factory .3006 Sporter and similar profiles.
 - #12 & 13 for M1A/M14 and M1 Garand barrels.

3. Installation:

- Place the selected bushing securely into the barrel vise.
- Ensure the bushing is aligned properly with the barrel.
- Tighten the vise gently until the barrel is held firmly in place.

4. Usage:

- Proceed with your maintenance or modifications while ensuring that the barrel remains securely clamped.
- Periodically check the tightness of the bushing during use to ensure it remains secure.

5. PostUse:

- After completing your work, carefully release the vise and remove the bushing.
- Clean the bushings and store them in a safe, dry location.

Disposal Instructions

- Dispose of any damaged or unusable bushings in accordance with local waste disposal regulations.
- Recycle aluminum and steel components where possible to minimize environmental impact.

Contact Information for Further Support

For questions or concerns regarding the BARREL VISE BUSHINGS #16 3/4" OCTAGON ALUMINUM BARREL VISE BUSHING, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety guidelines and instructions, you can ensure the effective and safe use of your barrel vise bushings. Thank you for your attention to safety and for choosing our product.
