[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Vise Accessories](#)

## Molds Form-Fit Bushings That Won't Mar The Metal

Convenient, easy-to-use kit allows the gunsmith to cast perfectly fitted, barrel vise bushings for hard-to-match barrel contours and sizes. Machined, aluminum block accepts barrels up to 1 $\frac{3}{4}$ " in diameter. Brownells Steel Bed"! forms super-strength, precision-fit bushings that hold extra tight without scratching or marring the metal surface. Finished bushings fit Brownells Barrel Vise and Universal Clamping Block. Instructions included.

# Safety Instruction Guide for BARREL VISE BUSHING MOLDING KIT

## Introduction

Thank you for purchasing the BARREL VISE BUSHING MOLDING KIT from Brownells. This kit is designed to help gunsmiths create perfectly fitted barrel vise bushings for various barrel contours and sizes. To ensure safe and effective use of this product, please read and follow the safety instructions provided in this guide.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Use the product only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Wear appropriate personal protective equipment (PPE) such as gloves and safety goggles when handling materials.
- Ensure a clean and organized workspace to prevent accidents.
- Follow all local regulations regarding the use and disposal of materials.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- The kit includes resin and hardener that may cause skin irritation. Avoid skin contact.
- The release agent may be harmful if ingested or inhaled. Use in a wellventilated area.

- **Avoiding Hazards:**

- Always wear gloves when handling resin, hardener, and release agents.
- Use a mask if you are sensitive to fumes.
- Keep all materials away from open flames and heat sources.
- Do not eat or drink while using the kit.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your workspace is clean and free of clutter.
- Gather all components: aluminum block, resin, hardener, release agent, measuring spoon, mixing dish, mixing sticks, and dye paks.

### 2. Mixing the Materials:

- In a wellventilated area, measure 1½ fl. oz. of resin and 1½ fl. oz. of hardener.
- Pour both into the mixing dish.
- Use a mixing stick to stir thoroughly until the mixture is uniform.
- If desired, add brown or black dye to achieve the desired color and mix well.

### 3. Applying the Release Agent:

- Use one of the release agent applicators to apply a thin layer of release agent inside the aluminum block.

- Ensure even coverage to prevent the bushing from sticking.

#### **4. Casting the Bushing:**

- Carefully pour the mixed resin and hardener into the aluminum block.
- Allow the mixture to set according to the manufacturer's instructions (typically a few hours).
- Once cured, carefully remove the bushing from the block.

#### **5. Final Inspection:**

- Inspect the finished bushing for any imperfections.
- Ensure it fits securely in the Brownells Barrel Vise and Universal Clamping Block.

## **Disposal Instructions**

- Dispose of any unused resin, hardener, and release agent according to local regulations.
- Do not pour materials down the drain or throw them in regular trash.
- Check local guidelines for hazardous waste disposal if necessary.

## **Contact Information for Further Support**

For any safety inquiries or further assistance, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your BARREL VISE BUSHING MOLDING KIT!
