

BARREL VISE BUSHINGS - #3 (1.00") SOLID ALUMINUM BARREL VISE BUSHING

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Vise Accessories](#)

Extra Surface Area Gives Tremendous Power To Clamp Hold & Even The Tightest Barrel

Aluminum, split barrel bushings come in eight different hole sizes and one, special, pre-machined bushing to make this universal Barrel Vise system the very first choice of professional gunsmiths. Steel Bushings provide years of service, plus have the necessary clamping power to break loose the tightest barrels. Aluminium Bushings give exceptional holding ability without marking your barrel. Solid Bushings - Solid bushings that have NOT been split so you can alter them as you want.

BARREL VISE BUSHINGS #3 (1.00") SOLID ALUMINUM BARREL VISE BUSHING Safety Instruction Guide

Introduction

Thank you for choosing the BARREL VISE BUSHINGS #3. This product is designed to provide secure and reliable support for your firearm maintenance needs. To ensure your safety and the proper use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always read and understand the entire instruction manual before using the product.
- Ensure that the product is suitable for your specific application and firearm type.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before each use.
- If the product shows signs of damage, discontinue use immediately and replace it.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the correct size bushing for your firearm to ensure a secure fit.
- Ensure that the bushing is properly seated in the vise before applying any force.
- Do not exceed the recommended torque specifications when clamping your barrel.
- Avoid using the bushing with firearms that have nonstandard barrel sizes.
- Always wear appropriate personal protective equipment, such as safety glasses, when using this product.
- Do not modify or alter the bushings in any way that could compromise their integrity.

Instructions for Installation and Usage

1. **Selecting the Right Bushing:** Choose the appropriate bushing size that matches the shank diameter of your firearm's barrel.
2. **Setting Up the Vise:**
 - Place the barrel vise on a stable workbench or surface.
 - Ensure that the vise is securely clamped and will not move during use.
3. **Inserting the Bushing:**
 - Insert the selected bushing into the vise.
 - Ensure that the bushing is fully seated and aligned.
4. **Securing the Barrel:**
 - Place the barrel into the bushing, ensuring a snug fit.
 - Gradually tighten the vise to secure the barrel in place.
 - Do not overtighten; check for a secure hold without damaging the barrel.
5. **Performing Work:** Proceed with your gunsmithing tasks, ensuring that the barrel remains securely held throughout the process.
6. **Removing the Barrel:**
 - Once your work is complete, carefully loosen the vise to release the barrel.
 - Remove the barrel from the bushing and store the bushing in a safe place.

Disposal Instructions

- Dispose of any damaged or unusable bushings in accordance with local regulations.
- Recycle materials where possible, ensuring that aluminum and steel components are disposed of

responsibly.

Contact Information for Further Support

For any questions or concerns regarding the use of the BARREL VISE BUSHINGS #3, please refer to the manufacturer's customer support resources. Ensure you have the product details on hand for assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our priorities.
