

BARREL VISE BUSHINGS - #9 (1.200") ALUMINUM BARREL VISE BUSHING

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Vise Accessories](#)

Extra Surface Area Gives Tremendous Power To Clamp Hold & Even The Tightest Barrel

Aluminum, split barrel bushings come in eight different hole sizes and one, special, pre-machined bushing to make this universal Barrel Vise system the very first choice of professional gunsmiths. Steel Bushings provide years of service, plus have the necessary clamping power to break loose the tightest barrels. Aluminium Bushings give exceptional holding ability without marking your barrel. Solid Bushings - Solid bushings that have NOT been split so you can alter them as you want.

Safety Instruction Guide for BARREL VISE BUSHINGS #9 (1.200") ALUMINUM BARREL VISE BUSHING

Introduction

Thank you for choosing the BARREL VISE BUSHINGS #9 (1.200") ALUMINUM BARREL VISE BUSHING. This product is designed to provide exceptional holding ability for your barrel without causing any damage. To ensure your safety and the proper use of this product, please read this safety instruction guide carefully.

General Safety Guidelines

- Always use the product as intended and follow the instructions provided.
- Inspect the bushing for any signs of wear or damage before use.
- Store the bushings in a dry place, away from moisture and extreme temperatures.
- Keep the product out of reach of children and pets.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the barrel is clean and free from any obstructions before using the bushing.
- Only use the bushings that match the specific shank diameter of your barrel.
- Do not exceed the recommended torque when tightening the bushing to avoid damaging the barrel or the bushing.
- Use protective eyewear when working with tools and equipment.
- Do not attempt to modify the bushings beyond their intended use.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and ensure you have the correct bushing size for your barrel.
- Clean the barrel and the bushing area to remove any debris or oil.

2. Installation:

- Select the appropriate bushing based on the shank diameter of your barrel.
- Insert the bushing into the barrel vise, ensuring that it fits snugly.
- Tighten the vise carefully, ensuring that the bushing is securely held in place without excessive force.

3. Usage:

- Once the bushing is installed, you can proceed with your gunsmithing tasks.
- Regularly check the bushing and barrel for any signs of movement or wear during use.

4. PostUse:

- After completing your tasks, carefully remove the bushing from the barrel.
- Clean the bushing and store it properly for future use.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste if it is made of metal; check for recycling options.

Contact Information for Further Support

For any inquiries regarding safety or usage of the BARREL VISE BUSHINGS #9 (1.200") ALUMINUM BARREL VISE BUSHING, please refer to the manufacturer's contact information provided with your product packaging.

By following these guidelines, you can ensure safe and effective use of the BARREL VISE BUSHINGS #9. Thank you for prioritizing safety in your gunsmithing activities.
