Introduction

Thank you for choosing the 1911 TRIWING GRIP SCREWS. This product is designed to enhance the aesthetic and functional performance of your 1911 Autos. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect the product for any damage before use.
- Keep this product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents involving this product to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Use the provided Triwing driver to avoid damaging the screws or the grip.
- Do not overtighten the screws as this may cause damage to the grip or the firearm.
- Ensure that the screws are securely fastened but do not exceed the recommended torque specifications.
- Avoid using the product in environments with extreme temperatures or humidity, as this may affect performance.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including the Triwing driver and the 1911 TRIWING GRIP SCREWS.
- Ensure that the firearm is unloaded and safe to work on.

2. Installation:

- Align the grip panel with the frame of the firearm.
- Insert the TRIWING GRIP SCREWS into the designated holes.
- Use the Triwing driver to tighten the screws gently.
- Check that the grip is secure but avoid overtightening.

3. Usage:

- After installation, regularly check the screws for tightness, especially after extended use.
- If you notice any looseness, retighten the screws using the Triwing driver.

Disposal Instructions

- Dispose of any unused or damaged screws in accordance with local regulations.
- Do not dispose of the product in regular household waste; check for recycling options or hazardous waste disposal facilities.
