# MUZZLE RADIUS CUTTER Safety Instruction Guide

## Introduction

Thank you for purchasing the MUZZLE RADIUS CUTTER. This product is designed to help you easily remove the sharp outside edge that remains after shortening or crowning a barrel. To ensure your safety and the proper use of this tool, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always use the MUZZLE RADIUS CUTTER in accordance with the manufacturer's instructions.
- Ensure that the work area is clean, welllit, and free from distractions.
- Wear appropriate personal protective equipment (PPE) such as safety goggles and gloves while using the cutter.
- Keep the cutter out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure that no one is in the immediate area while using the cutter.
- Regularly inspect the cutter for any signs of damage or wear before use.

## Specific Safety Precautions for Use

- Do not use the cutter for purposes other than its intended use.
- Ensure that the cutter is securely attached to the hand drill before starting.
- Avoid applying excessive force while cutting; let the tool do the work.
- Do not attempt to modify or alter the cutter in any way.
- If you experience any difficulties while using the cutter, stop immediately and consult the troubleshooting section of the manual or contact support.
- Be cautious of sharp edges and debris that may result from the cutting process.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials, including the MUZZLE RADIUS CUTTER and a compatible hand drill.
- Ensure that the drill is unplugged before attaching the cutter.

### 2. Attaching the Cutter:

- Select the appropriate cutter size based on the barrel diameter you are working with (.615", .715", .815", or .920").
- Insert the cutter into the drill chuck and tighten securely to prevent slippage during use.

### 3. Using the Cutter:

- Mark the area on the barrel where you intend to cut.
- Position the cutter at the marked area and ensure it is perpendicular to the surface.
- Plug in the drill and turn it on at a low speed to start cutting.
- Gradually increase the speed as needed, allowing the cutter to create a smooth radius without excessive pressure.

### 4. Finishing:

- Once the cutting is complete, turn off the drill and carefully remove the cutter.
- Inspect the cut area for any sharp edges and smooth them if necessary.

## Disposal Instructions

- Dispose of any debris or waste materials generated during the cutting process in accordance with local regulations.
- If the cutter becomes damaged or is no longer usable, dispose of it responsibly. Check with local waste management guidelines for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or support related to the MUZZLE RADIUS CUTTER, please contact your local distributor or refer to the product packaging for additional resources.

By following these safety instructions, you can ensure a safe and effective experience with the MUZZLE RADIUS CUTTER. Thank you for prioritizing safety while using our product.
