## Strong, 8-40 Screws Help Prevent Scope "Flyoff"

Keep those heavy tactical scopes, rings and bases locked solidly to the receiver by converting your rifle's 6-48 mount screws to the stronger 8-40 screw size. Kit contains everything you need: 12 each of 8-40 x 1/4" and 3/8" Socket or Torx head screws, #19S and #28S drill bit, a taper tap and a bottom tap, plus one Fillister counterbore and our Screw Gizzie.

# TACTICAL SCOPE BASE CONVERSION KIT SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the TACTICAL SCOPE BASE CONVERSION KIT. This product is designed to enhance the stability and reliability of your tactical scopes, rings, and bases. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- **Product Safety:** This product is designed for safe use as a nonfood item. It meets safety requirements set forth by EU regulations.
- **Enhanced Recalls:** In the event of a product recall, you will receive standardized notices and free remedies for any dangerous products.
- **Online Shopping:** If purchased online, this product offers the same safety protections as if purchased in a physical store.
- **Special Consumer Focus:** Extra precautions should be taken for vulnerable groups, including children. Keep this product out of reach of children.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point provided by the manufacturer.
- **Rapid Alerts:** Stay informed about product safety updates through the EU's Safety Gate system.

## Specific Safety Precautions for Use

- **Hazard Awareness:**
  - Improper installation may lead to scope misalignment or failure.
  - Use of incorrect screw sizes may compromise the integrity of the rifle mount.
- **Personal Safety:**
  - Always wear safety goggles when drilling or tapping to protect your eyes from debris.
  - Use gloves to prevent cuts or scrapes while handling screws and tools.
- **Environment:**
  - Work in a wellventilated area to avoid inhaling metal shavings or dust.
  - Ensure that your work surface is stable and clear of clutter to prevent accidents.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and components from the kit, including:
  - 12 each of 840 x 1/4" and 3/8" Socket or Torx head screws
  - #19S and #28S drill bits
  - Taper tap and bottom tap
  - Fillister counterbore
  - Screw Gizzie
- Ensure your rifle is unloaded and pointed in a safe direction.

### 2. Installation Steps:

- **Drilling:**
  - Select the appropriate drill bit (#19S or #28S) based on the required screw size.
  - Carefully drill into the existing 648 mount holes, ensuring a straight and steady hand.
- **Tapping:**

- Use the taper tap to create threads in the newly drilled holes.
- Follow with the bottom tap to ensure full thread engagement.
- **Screw Installation:**
  - Insert the 840 screws using the Screw Gizzie for optimal grip and torque.
  - Tighten screws securely, but do not overtighten to avoid stripping the threads.

### 3. **PostInstallation Check:**

- Inspect the installation to ensure all screws are properly secured.
- Test the stability of the scope before use.

## **Disposal Instructions**

- Dispose of any unused screws and components in accordance with local regulations.
- Do not dispose of metal shavings or debris in regular waste. Instead, collect them in a suitable container and recycle where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the TACTICAL SCOPE BASE CONVERSION KIT, please refer to the manufacturer's contact information provided with your product.

Thank you for your attention to these safety instructions. Enjoy using your TACTICAL SCOPE BASE CONVERSION KIT responsibly and safely.
