

MOLY BORE TREATMENT PASTE 2OZ

[Gun Cleaning & Chemicals](#) > [Oils & Lubricants](#) > [Lubricant & Protectant Oils](#)

Cuts Down On Fouling; Increases Barrel Life

Easy-to-apply paste treats the inside of your rifle's barrel, greatly reduces friction for minimum fouling, faster, easier cleanup and longer barrel life. Synthetic-base formula is specifically engineered to disperse and absorb quickly into any metal surface with minimum rubbing; coats and cures in just minutes. Moly Bore Paste won't oxidize on firing so your bore shrugs off lead, copper and carbon buildup. Because Moly Bore Paste dries and cures quickly it can be used as a treatment for lubrication and protection of all gun and metal surfaces. After curing, it won't attract lint or dirt; great for protecting carry pistols and stored firearms.

MOLY BORE TREATMENT PASTE Consumer Safety Instruction Guide

Introduction

Thank you for choosing MOLY BORE TREATMENT PASTE. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read the entire guide carefully before using the paste.

General Safety Guidelines

- Always keep this product out of reach of children and pets.
- Use this product only for its intended purpose.
- Ensure adequate ventilation when using the paste.
- Do not use the product near open flames or high heat sources.
- In case of skin contact, wash thoroughly with soap and water.
- If the product comes into contact with eyes, rinse immediately with plenty of water and seek medical advice if irritation persists.
- Do not ingest. If swallowed, seek medical attention immediately.

Specific Safety Precautions for Use

- Wear protective gloves and safety goggles when applying the paste to avoid skin and eye contact.
- Avoid prolonged inhalation of vapors. Use in a wellventilated area.
- Do not apply the paste on surfaces that will come into direct contact with food or drink.
- Ensure that the barrel of the firearm is unloaded before applying the paste.
- Allow the paste to cure completely before using the firearm to ensure optimal performance.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Clean the barrel thoroughly to remove any existing fouling or residues.

2. Application:

- Use a clean applicator or cloth to apply a thin layer of MOLY BORE TREATMENT PASTE to the inside of the barrel.
- Ensure even coverage without excessive buildup.

3. Curing:

- Allow the paste to cure for a minimum of 510 minutes.
- For best results, let it cure longer if possible before using the firearm.

4. Cleanup:

- After use, clean any excess paste from the applicator and store it properly.
- Wash hands thoroughly after handling the product.

Disposal Instructions

- Dispose of any unused product and packaging in accordance with local regulations.

- Do not dispose of the product in household waste or down the drain.
- Check local guidelines for hazardous waste disposal if necessary.

Contact Information for Further Support

For any safety inquiries or concerns regarding MOLY BORE TREATMENT PASTE, please reach out to the appropriate regulatory body or your local authorities. Always stay informed about product recalls and safety updates through official channels.

By following these guidelines, you can ensure the safe and effective use of MOLY BORE TREATMENT PASTE. Thank you for prioritizing safety while using our product.
