

TORX HEAD SCOPE RING & BASE SCREW KIT - T-10 WEAVER OVAL SCREW 6-48 X 15/32 12 PACK

[Gunsmith Tools & Supplies](#) > [Small Hardware](#) > [Metal Screws](#)

240 TORX Screws To Fit Popular Rings & Bases; Includes T-10 & T-15 Heads

A TORX head lets you set a screw down tight without the bit slipping and damaging the screw slot. They give your work a clean, finished appearance. We've included T-10 and T-15 TORX sizes for use in different applications. T-10 gives you plenty of additional wall thickness where the head joins the shank; T-15 has a large socket that accepts the same driver supplied with many popular brands of rings and bases. You get an economically priced assortment of 240 screws, all made right here in the USA. 1 dozen each of 20 different screws; 11 Fillister Head and 9 Weaver Oval Head styles in 3 thread sizes and 4 lengths, all in a sturdy, compartmented box. For those special jobs we have included a hardened steel, Checker/Shortener Jig that makes grinding screws to just the right length, fast and easy. The Weaver Ring/Burris Ring alt hd screws must have the head diameter reduced to fit the Burris rings.

Attributes

- Name: [T-10 WEAVER OVAL SCREW 6-48 X 15/32 12 PACK](#)
- Manufacturer: [BROWNELLS](#)

Safety Instruction Guide for TORX HEAD SCOPE RING & BASE SCREW KIT T10 WEAVER OVAL SCREW 648 X 15/32 12 PACK

Introduction

Thank you for choosing the TORX HEAD SCOPE RING & BASE SCREW KIT. This guide provides essential safety instructions to ensure safe use and handling of the product. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always use the screws with the appropriate TORX driver sizes (T10 and T15) to prevent damage.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the screws for any signs of damage or wear before use.
- Dispose of any damaged screws safely and responsibly.
- Follow all local regulations regarding the use and disposal of metal products.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling screws.
- Avoid using excessive force when tightening screws to prevent stripping the screw head.
- Ensure the work surface is stable and secure before installation.
- Do not use screws that are not compatible with your equipment.
- Be aware of the risk of sharp edges on screws and handle them with care.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including the T10 and T15 TORX wrenches provided in the kit.
- Ensure you have the correct screws for your application (640, 648, or 840 tpi).

2. Installation:

- Select the appropriate screw length for your application: ¼" (6.36mm), 3/8" (9.5mm), ½" (12.7mm), or 9/16" (14.28mm).
- Align the screw with the predrilled hole in your equipment.
- Insert the screw and use the T10 or T15 TORX wrench to tighten it securely. Avoid overtightening.

3. PostInstallation:

- Inspect the installation to ensure all screws are properly tightened and that there are no loose parts.
- Store any unused screws and tools in the compartmented kit box to prevent loss and ensure safety.

Disposal Instructions

- Dispose of any unused or damaged screws in accordance with local waste disposal regulations.
- Recycle materials when possible, following your local recycling guidelines.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the product packaging for contact information.

Conclusion

By following these safety guidelines and instructions, you can ensure the safe use of the TORX HEAD SCOPE RING & BASE SCREW KIT. Always prioritize safety and handle the product responsibly. Thank you for your attention to these important safety measures.
