

TORX HEAD SCOPE RING & BASE SCREW KIT - BROWNELLS T-10 WEAVER OVAL SCREW 6-40 X 11/32 12 PACK

[Gunsmith Tools](#) > [Small Hardware](#) > [Metal Screws](#)

240 TORX Screws To Fit Popular Rings & Bases; Includes T-10 & T-15 Heads

A TORX head lets you set a screw down tight without the bit slipping and damaging the screw slot. They give your work a clean, finished appearance. We've included T-10 and T-15 TORX sizes for use in different applications. T-10 gives you plenty of additional wall thickness where the head joins the shank; T-15 has a large socket that accepts the same driver supplied with many popular brands of rings and bases. You get an economically priced assortment of 240 screws, all made right here in the USA. 1 dozen each of 20 different screws; 11 Fillister Head and 9 Weaver Oval Head styles in 3 thread sizes and 4 lengths, all in a sturdy, compartmented box. For those special jobs we have included a hardened steel, Checker/Shortener Jig that makes grinding screws to just the right length, fast and easy. The Weaver Ring/Burris Ring alt hd screws must have the head diameter reduced to fit the Burris rings.

T-10 Refill Pak 6-40x1/4"xWH fits Ruger & Sako Rings

TORX HEAD SCOPE RING & BASE SCREW KIT

SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the TORX HEAD SCOPE RING & BASE SCREW KIT by BROWNELLS. This product is designed to provide secure mounting for scopes and bases. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure safe use of all nonfood products.
- Be aware of risks associated with screws and tools.
- Always follow the instructions provided in this guide.
- Check for updates on product recalls and safety alerts.
- Report any unsafe products or accidents to the relevant authorities.
- For any safety inquiries, contact your local EUbased support.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as goggles and gloves, when handling screws and tools.
- Keep screws and tools out of reach of children to prevent accidental injury.
- Inspect screws for damage or defects before use. Do not use damaged screws.
- Use the correct size TORX wrench for installation to avoid stripping screw heads.
- Avoid overtightening screws, as this can lead to damage of the scope or base.
- Ensure that the work area is clean and free from distractions while installing or using the product.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including the T10 and T15 TORX wrenches included in the kit.
- Ensure the surface where you will be working is stable and welllit.

2. Installation Steps:

- Identify the appropriate screws for your scope or base. Refer to the Application Chart included in the kit.
- Align the scope rings or base with the mounting surface.
- Insert the screws into the predrilled holes.
- Using the correct size TORX wrench, tighten the screws gently until secure. Do not overtighten.
- Check that the scope is properly aligned and securely mounted.

3. PostInstallation:

- Inspect the installation to ensure that all screws are tight and the scope is stable.
- Store any unused screws and tools in the compartmented kit box for future use.

Disposal Instructions

- Dispose of any unused or damaged screws responsibly, following local waste disposal regulations.
- Do not dispose of screws in regular household waste if they are considered hazardous.
- Check local guidelines for recycling options for metal products.

Contact Information for Further Support

For any questions or concerns regarding the TORX HEAD SCOPE RING & BASE SCREW KIT, please consult your local retailer or the manufacturer's website for assistance.
