## **240 TORX Screws To Fit Popular Rings & Bases; Includes T-10 & T-15 Heads**

A TORX head lets you set a screw down tight without the bit slipping and damaging the screw slot. They give your work a clean, finished appearance. We've included T-10 and T-15 TORX sizes for use in different applications. T-10 gives you plenty of additional wall thickness where the head joins the shank; T-15 has a large socket that accepts the same driver supplied with many popular brands of rings and bases. You get an economically priced assortment of 240 screws, all made right here in the USA. 1 dozen each of 20 different screws; 11 Fillister Head and 9 Weaver Oval Head styles in 3 thread sizes and 4 lengths, all in a sturdy, compartmented box. For those special jobs we have included a hardened steel, Checker/Shortener Jig that makes grinding screws to just the right length, fast and easy. The Weaver Ring/Burris Ring alt hd screws must have the head diameter reduced to fit the Burris rings.

## **Attributes**

- Name: [T-10 WEAVER OVAL SCREW 8-40 X 3/8 12 PACK](#)

# Safety Instruction Guide for TORX HEAD SCOPE RING & BASE SCREW KIT T10 WEAVER OVAL SCREW 840 X 3/8 12 PACK

## Introduction

Thank you for choosing the TORX HEAD SCOPE RING & BASE SCREW KIT. This guide provides important safety information and instructions for the safe use, installation, and disposal of this product. Please read this guide carefully to ensure safe handling and operation.

## General Safety Guidelines

- Always use the screws as intended and for their specified applications.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental injury.
- Inspect screws and tools before use for any signs of damage or wear.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling screws and tools.
- Ensure that the workspace is clean and free from hazards that may cause accidents.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Sharp edges: Screws may have sharp edges that can cause cuts.
  - Small parts: The screws are small and pose a choking hazard if swallowed.
- **Avoiding Hazards:**
  - Handle screws carefully to avoid cuts.
  - Store screws in a secure location to prevent access by children.
- **Age Specific Warnings:**
  - This product is not suitable for children under the age of 12.
  - Adult supervision is recommended when this product is used by individuals under 18.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including the T10 and T15 TORX wrenches included in the kit.
- Ensure that the work area is well lit and organized.

### 2. Installation:

- Select the appropriate screw size for your application (640, 648, 840 tpi).
- Align the screw with the predrilled hole.
- Use the T10 or T15 TORX wrench to drive the screw into place. Ensure the screw is tightened securely without overtightening, which may strip the screw or damage the material.
- For the Weaver Ring/Burris Ring screws, ensure the head diameter is reduced as necessary to fit the rings.

### 3. Usage:

- Use the screws only for their intended purpose and within the specified dimensions.
- Regularly check screws for tightness and integrity, especially in applications subject to vibration or movement.

## Disposal Instructions

- Dispose of any unused screws and packaging materials in accordance with local waste disposal regulations.
- Do not dispose of screws in regular household waste if they are considered hazardous. Check with local authorities for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

## Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the TORX HEAD SCOPE RING & BASE SCREW KIT. Your safety is our priority, and we appreciate your commitment to using this product responsibly.
