

TORX HEAD SCOPE RING & BASE SCREW KIT - T-15 WEAVER OVAL SCREW 8-40 X 1/2 12 PACK

[Gunsmith Tools & Supplies](#) > [Small Hardware](#) > [Metal Screws](#)

240 TORX Screws To Fit Popular Rings & Bases; Includes T-10 & T-15 Heads

A TORX head lets you set a screw down tight without the bit slipping and damaging the screw slot. They give your work a clean, finished appearance. We've included T-10 and T-15 TORX sizes for use in different applications. T-10 gives you plenty of additional wall thickness where the head joins the shank; T-15 has a large socket that accepts the same driver supplied with many popular brands of rings and bases. You get an economically priced assortment of 240 screws, all made right here in the USA. 1 dozen each of 20 different screws; 11 Fillister Head and 9 Weaver Oval Head styles in 3 thread sizes and 4 lengths, all in a sturdy, compartmented box. For those special jobs we have included a hardened steel, Checker/Shortener Jig that makes grinding screws to just the right length, fast and easy. The Weaver Ring/Burris Ring alt hd screws must have the head diameter reduced to fit the Burris rings.

Safety Instruction Guide for TORX HEAD SCOPE RING & BASE SCREW KIT T10 WEAVER OVAL SCREW 840 X 1/2 12 PACK

Introduction

Thank you for choosing the TORX HEAD SCOPE RING & BASE SCREW KIT. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before use to familiarize yourself with the safety precautions and proper handling.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect the screws and tools before use for any signs of damage or wear.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- For the latest recall updates, please check the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Risk of injury from sharp screw points.
 - Risk of damaging the screw slot if improper tools are used.
- **Avoiding Hazards:**
 - Use only the provided T10 and T15 TORX wrenches for installation.
 - Do not exceed the recommended torque settings to prevent stripping the screw heads.
 - Wear safety glasses to protect your eyes from debris during installation.
 - Ensure that your work area is clean and free of hazards.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components from the kit.
- Ensure that you have a clean workspace.

2. Installation Steps:

- Select the appropriate screw size and type based on your application.
- Use the T10 or T15 TORX wrench to drive the screw into the desired material.
- Apply steady pressure and avoid excessive force to prevent damaging the screw or material.
- For special applications, use the Checker/Shortener jig to adjust screw length as needed.

3. PostInstallation:

- Inspect all installed screws to ensure they are secure and properly seated.
- Dispose of any unused screws or damaged components according to local regulations.

Disposal Instructions

- Dispose of any unused screws and packaging materials in accordance with local waste management regulations.

- Do not dispose of screws in regular household waste if they are considered hazardous in your area.

Contact Information for Further Support

For any inquiries or concerns regarding the TORX HEAD SCOPE RING & BASE SCREW KIT, please refer to the product packaging for information on how to reach the manufacturer's support team.

By following these safety instructions, you can ensure a safe and effective experience with your TORX HEAD SCOPE RING & BASE SCREW KIT. Thank you for your attention to safety.
