

TORX HEAD SCOPE RING & BASE SCREW KIT - T-10 FILLISTER HEAD SCREW 6-40 X 1/2 12 PACK

[Gunsmith Tools & Supplies](#) > [Small Hardware](#) > [Metal Screws](#)

240 TORX Screws To Fit Popular Rings & Bases; Includes T-10 & T-15 Heads

A TORX head lets you set a screw down tight without the bit slipping and damaging the screw slot. They give your work a clean, finished appearance. We've included T-10 and T-15 TORX sizes for use in different applications. T-10 gives you plenty of additional wall thickness where the head joins the shank; T-15 has a large socket that accepts the same driver supplied with many popular brands of rings and bases. You get an economically priced assortment of 240 screws, all made right here in the USA. 1 dozen each of 20 different screws; 11 Fillister Head and 9 Weaver Oval Head styles in 3 thread sizes and 4 lengths, all in a sturdy, compartmented box. For those special jobs we have included a hardened steel, Checker/Shortener Jig that makes grinding screws to just the right length, fast and easy. The Weaver Ring/Burris Ring alt hd screws must have the head diameter reduced to fit the Burris rings.

Safety Instruction Guide for TORX HEAD SCOPE RING & BASE SCREW KIT T10 FILLISTER HEAD SCREW 640 X 1/2 12 PACK

Introduction

Thank you for choosing the TORX HEAD SCOPE RING & BASE SCREW KIT. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this document carefully before using the screws.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Keep this product out of reach of children and vulnerable individuals.
- Inspect the product for any damage or defects before use.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling screws.
- Follow all local regulations regarding the disposal of materials.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Sharp edges on screws can cause cuts or puncture wounds.
 - Improper use may lead to damage to the workpiece or injury.
- **Avoiding Hazards:**
 - Handle screws carefully to avoid injury from sharp edges.
 - Use the correct TORX driver (T10 or T15) to prevent slipping and damaging the screw.
 - Ensure the work surface is stable and secure during installation.
 - Do not overtighten screws, as this may strip the screw head or damage the workpiece.

Instructions for Installation and Usage

1. **Preparation:**
 - Gather all necessary tools, including the T10 and T15 TORX wrenches provided in the kit.
 - Ensure that the work area is clean and welllit.
2. **Installation Steps:**
 - Select the appropriate screw size (640, 648, or 840 tpi) based on your application.
 - Align the screw with the designated hole on the workpiece.
 - Insert the screw and use the appropriate TORX wrench to tighten it securely.
 - Do not exceed the recommended torque to avoid stripping the screw head.
3. **PostInstallation:**
 - After installation, doublecheck that all screws are securely fastened.
 - Remove any debris or tools from the work area to prevent accidents.

Disposal Instructions

- Dispose of any unused screws and packaging materials in accordance with local waste management regulations.
- Do not dispose of screws in a manner that could pose a risk to the environment or public safety.

Contact Information for Further Support

For any questions or concerns regarding the TORX HEAD SCOPE RING & BASE SCREW KIT, please refer to the product packaging for contact information or consult the manufacturer's website.

Thank you for your attention to these safety instructions. Your safety is our priority.
