## **240 TORX Screws To Fit Popular Rings & Bases; Includes T-10 & T-15 Heads**

A TORX head lets you set a screw down tight without the bit slipping and damaging the screw slot. They give your work a clean, finished appearance. We've included T-10 and T-15 TORX sizes for use in different applications. T-10 gives you plenty of additional wall thickness where the head joins the shank; T-15 has a large socket that accepts the same driver supplied with many popular brands of rings and bases. You get an economically priced assortment of 240 screws, all made right here in the USA. 1 dozen each of 20 different screws; 11 Fillister Head and 9 Weaver Oval Head styles in 3 thread sizes and 4 lengths, all in a sturdy, compartmented box. For those special jobs we have included a hardened steel, Checker/Shortener Jig that makes grinding screws to just the right length, fast and easy. The Weaver Ring/Burris Ring alt hd screws must have the head diameter reduced to fit the Burris rings.

T-15 Refill Pak 8-40x3/8"xFH,Redf Ring/Base,Leup Ring alt hd

# Safety Instruction Guide for TORX HEAD SCOPE RING & BASE SCREW KIT

## Introduction

Thank you for choosing the TORX HEAD SCOPE RING & BASE SCREW KIT by BROWNELLS. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this document carefully before using the screws and related components.

## General Safety Guidelines

- Ensure that all products are used in accordance with the manufacturer's instructions.
- Regularly inspect screws and tools for any signs of damage or wear before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Sharp edges on screws may cause cuts.
- Improper installation can lead to equipment damage or malfunction.

### • To Avoid Hazards:

- Always wear protective gloves when handling screws.
- Use the correct TORX wrench (T10 or T15) to prevent stripping the screw heads.
- Ensure that the screws are compatible with your equipment before installation.
- Do not exceed the recommended torque specifications during installation.

### • Age Specific Warnings:

- This product is not intended for use by children. Ensure adult supervision during installation.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including the T10 and T15 TORX wrenches included in the kit.
- Ensure the work area is clean and free of distractions.

### 2. Installation Steps:

- Identify the appropriate screw length for your application (1/4", 3/8", 1/2", or 9/16").
- Align the screw with the mounting hole of the equipment.
- Insert the screw and use the corresponding TORX wrench to tighten it securely.
- Avoid overtightening, which can damage the equipment.

### 3. Post Installation:

- Check that all screws are securely fastened and that there are no loose components.
- If any screws are stripped or damaged, replace them immediately.

## **Disposal Instructions**

- Dispose of any unused or damaged screws in accordance with local regulations.
- Do not dispose of screws in regular household waste. Check for local recycling programs that accept metal screws.

## **Contact Information for Further Support**

For any inquiries regarding safety or product usage, please contact the manufacturer directly. Ensure that you have your product details ready for reference.

By following these guidelines, you can ensure the safe and effective use of the TORX HEAD SCOPE RING & BASE SCREW KIT. Thank you for your attention to safety.
