[Gunsmith Tools & Supplies](#) > [Small Hardware](#) > [Metal Screws](#)

## **240 TORX Screws To Fit Popular Rings & Bases; Includes T-10 & T-15 Heads**

A TORX head lets you set a screw down tight without the bit slipping and damaging the screw slot. They give your work a clean, finished appearance. We've included T-10 and T-15 TORX sizes for use in different applications. T-10 gives you plenty of additional wall thickness where the head joins the shank; T-15 has a large socket that accepts the same driver supplied with many popular brands of rings and bases. You get an economically priced assortment of 240 screws, all made right here in the USA. 1 dozen each of 20 different screws; 11 Fillister Head and 9 Weaver Oval Head styles in 3 thread sizes and 4 lengths, all in a sturdy, compartmented box. For those special jobs we have included a hardened steel, Checker/Shortener Jig that makes grinding screws to just the right length, fast and easy. The Weaver Ring/Burris Ring alt hd screws must have the head diameter reduced to fit the Burris rings.

## **Attributes**

- Name: [T-15 FILLISTER HEAD SCREW 8-40 X 1/2 12 PACK](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080924847

# Safety Instruction Guide for TORX HEAD SCOPE RING & BASE SCREW KIT T15 FILLISTER HEAD SCREW 840 X 1/2 12 PACK

## Introduction

Thank you for purchasing the TORX HEAD SCOPE RING & BASE SCREW KIT. This guide provides important safety information and instructions to ensure the safe and effective use of the product. Please read this guide carefully before using the product to avoid any potential hazards.

## General Safety Guidelines

- Ensure that the product is used for its intended purpose only.
- Keep all components out of reach of children and vulnerable individuals.
- Inspect the product before use to ensure it is in good condition.
- Always wear appropriate safety gear, such as goggles and gloves, when using tools.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Sharp edges may be present on screws and tools.
  - Improper use may lead to injury or damage to the product.
- **Avoiding Hazards:**
  - Handle screws and tools with care to prevent cuts or punctures.
  - Do not use screws that appear damaged or defective.
  - Ensure proper torque settings to avoid stripping screws or damaging components.
- **Age Specific Warnings:**
  - This product is not intended for children. Ensure adult supervision when used in environments accessible to children.

## Instructions for Installation and Usage

- **Installation:**
  1. Select the appropriate screw size and type for your application.
  2. Use the supplied T10 or T15 TORX wrench to drive the screws.
  3. Align the screw with the predrilled hole and insert it carefully.
  4. Turn the wrench clockwise to tighten the screw until secure. Do not overtighten.
- **Usage:**
  - Use the screws only for their intended applications as specified in the product specifications.
  - If you encounter resistance while driving a screw, stop and check for misalignment or debris in the hole.
  - For special jobs, utilize the Checker/Shortener Jig to grind screws to the desired length safely.

## Disposal Instructions

- Dispose of any unused or defective screws and components according to local regulations.
- Avoid disposing of screws in general waste; consider recycling where possible.
- Ensure that all components are disposed of in a manner that prevents harm to the environment.

## **Contact Information for Further Support**

For any inquiries regarding safety or product use, please refer to the manufacturer's contact details provided on the packaging or the product website.

Thank you for following these safety instructions. Your safety is our priority.
