Safety Instruction Guide for BRASS PILOTS .45 ACP1 CYLINDER BRASS PILOT

Introduction

Thank you for choosing the BRASS PILOTS .45 ACP1 CYLINDER BRASS PILOT. This product is designed to enhance your chamfering and facing tasks with precision and durability. To ensure your safety and the proper use of this tool, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used for its intended purpose only.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves while using this tool.
- Regularly inspect the product for any signs of wear or damage before use.
- Do not attempt to modify or repair the product yourself. Seek professional assistance if needed.
- In case of any accidents or unsafe conditions, report them to the appropriate authorities.

Specific Safety Precautions for Use

- **Avoid Contact with Moving Parts:** Keep hands and body parts away from moving components during operation.
- **Use in WellVentilated Areas:** Ensure that the workspace is wellventilated to prevent inhalation of any dust or particles generated during use.
- **Secure Workpiece:** Always secure the workpiece properly to prevent movement during operation.
- **Follow Manufacturer's Instructions:** Adhere to the installation and usage instructions provided in this guide for optimal safety and performance.
- **Do Not Overreach:** Maintain proper footing and balance while operating the tool to prevent falls or accidents.

Instructions for Installation and Usage

1. Installation:

- Ensure that the work area is clean and free from clutter.
- Identify the correct pilot for your specific application (e.g., .45 ACP1 for S&W model 25 & 625, .45 ACP2 for Colt 1917).
- Securely attach the brass pilot to the chamfering tool according to the manufacturer's specifications.

2. Usage:

- Position the tool and workpiece securely before starting the operation.
- Turn on the tool and allow it to reach the desired speed before making contact with the workpiece.
- Gradually feed the tool into the workpiece, maintaining a steady and controlled motion.
- After completing the task, turn off the tool and allow it to come to a complete stop before removing the workpiece.

Disposal Instructions

- Dispose of the product in accordance with local regulations for metal waste.
- Do not dispose of the product in regular household waste.

- Consider recycling options available in your area.

Contact Information for Further Support

For any questions or concerns regarding the BRASS PILOTS .45 ACP1 CYLINDER BRASS PILOT, please refer to the manufacturer's contact information provided on the packaging or product documentation.

Note: Always stay informed about product recalls or safety alerts by checking the EU's Safety Gate platform regularly.

Thank you for prioritizing safety and following these guidelines while using your BRASS PILOTS .45 ACP1 CYLINDER BRASS PILOT.
