# Safety Instruction Guide for BRASS PILOTS .45 ACP2 CYLINDER BRASS PILOT

## Introduction

Thank you for purchasing the BRASS PILOTS .45 ACP2 CYLINDER BRASS PILOT. This product is designed to enhance your chamfering and facing operations with precision and durability. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always use the product according to the manufacturer's instructions.
- Inspect the product for any damage before use. Do not use if damaged.
- Keep this product out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when using this product.
- Report any unsafe conditions or incidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the pilot is properly secured before use to prevent accidents.
- Do not exceed the recommended speed and pressure when using the product.
- Avoid direct contact with the cutting edges of the pilot during operation.
- Use the product only for its intended purpose as specified in the product specifications.
- If you experience any discomfort or unusual noise during use, stop immediately and inspect the product.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the tool you are using is compatible with the BRASS PILOTS .45 ACP2.
- Securely attach the pilot to the tool according to the manufacturer's guidelines.
- Doublecheck that the pilot is properly aligned and locked in place.

### 2. Usage:

- Before starting, ensure that your workspace is clean and free from obstructions.
- Position the workpiece securely to prevent movement during operation.
- Begin operating the tool at a low speed to familiarize yourself with the handling.
- Gradually increase speed as needed, ensuring that the pilot remains stable and centered.
- After use, turn off the tool and allow it to cool down before handling.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, consider recycling it if possible.

## Contact Information for Further Support

For any safety inquiries or support, please reach out to the designated EU contact point provided with your

product documentation.

By following these safety instructions, you can ensure a safe and effective experience with your BRASS PILOTS  
.45 ACP2 CYLINDER BRASS PILOT. Thank you for choosing our product.
