

# RIFLED SHOTGUN MUZZLE FACING PILOTS - MUZZLE FACING BARREL PILOT, RIFLED SHOTGUN, 12 GAUGE, .718"

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Chamfering Tool Pilots](#)

## Safe Muzzle Touch-Up For Rifled Slug Barrels

Polished brass pilots turned to uniform concentricity make it easy to cleanup and square-off dinged or re-cut muzzles on 12 and 20 gauge, rifled slug barrels without damaging the lands and grooves. Use with Brownells 1" Diameter, 90°, Muzzle Facing Cutter for best results. Measure bore I.D. between tops of lands to determine closest pilot listed for your barrel. If your barrel's diameter isn't listed, select the closest, smaller size. Available in three diameters for 12 and 20 gauge, rifled slug barrels.

## Attributes

- Name: [MUZZLE FACING BARREL PILOT, RIFLED SHOTGUN, 12 GAUGE, .718"](#)
- Manufacturer: [BROWNELLS](#)

# RIFLED SHOTGUN MUZZLE FACING PILOTS SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the RIFLED SHOTGUN MUZZLE FACING PILOTS. This guide provides essential safety instructions and usage recommendations to ensure the safe and effective use of this product. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that all safety precautions are followed to prevent accidents.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using this product.
- Regularly inspect the product for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding the use of firearms and related accessories.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Risk of injury from sharp edges or moving parts when using the muzzle facing cutter.
  - Risk of damage to the shotgun barrel if improper pilot size is used.
- **To Avoid Hazards:**
  - Always select the correct pilot size based on the bore diameter of your barrel.
  - Do not force the pilot into the barrel; it should fit snugly but not be overly tight.
  - Ensure that the shotgun is unloaded and pointed in a safe direction before beginning any work.
  - Do not use the product if you are unsure about its condition or your ability to use it safely.

## Instructions for Installation and Usage

### 1. Selecting the Correct Pilot:

- Measure the internal diameter (I.D.) of your shotgun barrel between the tops of the lands.
- Choose the pilot that is closest to your measurement. For 12 Gauge, use a pilot with a diameter of .718". For 20 Gauge, use a pilot with a diameter of .609".
- If your barrel's diameter is not listed, select the closest smaller size.

### 2. Preparing for Use:

- Gather all necessary tools, including the Brownells 1" Diameter, 90°, Muzzle Facing Cutter.
- Ensure your workspace is clean and free of obstructions.

### 3. Using the Muzzle Facing Cutter:

- Attach the pilot to the muzzle facing cutter securely.
- Align the cutter with the muzzle of the shotgun.
- Turn the cutter gently to face the muzzle, ensuring even pressure and maintaining control.
- Periodically check the progress to avoid overcutting.

### 4. PostUse Care:

- Clean the pilot and cutter after use to remove any debris.

- Store the product in a safe, dry place away from children.

## **Disposal Instructions**

- Dispose of any unused or damaged products in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling programs that accept metal materials.

## **Contact Information for Further Support**

For further assistance or inquiries regarding safety and usage, please refer to the manufacturer's website or customer service for guidance. It is essential to have access to a reliable contact for any safety concerns.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and effective experience while using the RIFLED SHOTGUN MUZZLE FACING PILOTS. Always prioritize safety and compliance with local regulations. Thank you for your attention to these important safety measures.
