# Safety Instruction Guide for BRASS PILOTS

## BROWNELLS .3840 MUZZLE BRASS PILOT

### Introduction

Thank you for choosing the BRASS PILOTS BROWNELLS .3840 MUZZLE BRASS PILOT. This product is designed to provide exceptional performance and durability in chamfering and facing applications. It is important to follow the safety instructions outlined in this guide to ensure safe and effective use of the product.

### General Safety Guidelines

- Always read and understand the instruction manual before using the product.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage or wear before each use. Do not use if damaged.
- Follow all relevant local regulations regarding the use and disposal of this product.
- Report any unsafe products or accidents to the appropriate authorities.

### Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while using the product.
- Ensure that the work area is clean and free of obstructions to prevent accidents.
- Do not exceed the recommended specifications for the product, including the caliber and material compatibility.
- Avoid using the product in wet or damp conditions to prevent slipping or electrical hazards.
- Always maintain a firm grip on the tool while in use to prevent loss of control.

### Instructions for Installation and Usage

#### Installation

1. **Preparation:** Ensure that the work area is clean and free from debris. Gather all necessary tools and safety equipment.
2. **Pilot Selection:** Choose the correct brass pilot size based on the caliber you are working with. For example, the .3840 pilot is suitable for .357.359 calibers.
3. **Mounting:** Securely mount the brass pilot in the appropriate tool or machine, ensuring it is properly aligned and tightened.

#### Usage

1. **Check Alignment:** Before starting, doublecheck that the pilot is properly aligned with the bore.
2. **Cutting:** Begin the chamfering or facing process at a slow speed to ensure accuracy. Gradually increase speed as needed, maintaining control.
3. **Monitoring:** Continuously monitor the cutting process for any signs of wear or damage. Stop immediately if any issues arise.
4. **Finishing:** Once the operation is complete, carefully remove the pilot from the tool and inspect the workpiece for quality.

### Disposal Instructions

- Dispose of the product in accordance with local regulations regarding hazardous waste.
- Do not dispose of the product in regular household waste.

- Consider recycling options where applicable.

## **Contact Information for Further Support**

For any questions or concerns regarding the BRASS PILOTS BROWNELLS .3840 MUZZLE BRASS PILOT, please refer to the contact information provided with your product packaging or visit the manufacturer's website for additional resources.

By following these safety instructions, you can ensure a safe and effective experience with your BRASS PILOTS BROWNELLS .3840 MUZZLE BRASS PILOT. Thank you for your attention to safety.
