

BRASS ONE CALIBER SET FOR 7MM MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Square Up & Chamfer Rifle and Handgun Muzzles P Brass Bore Pilot

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one brass bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for BRASS ONE CALIBER SET

Introduction

Thank you for purchasing the BRASS ONE CALIBER SET for 7mm muzzle. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this guide carefully before use.

General Safety Guidelines

- Always read and follow the instructions provided in this guide.
- Ensure that the product is used only for its intended purpose as described.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the cutters only with the appropriate pilot to maintain alignment and prevent accidents.
- Wear safety goggles and gloves during use to protect against debris and sharp edges.
- Ensure that the work area is clean and free from distractions to maintain focus.
- Do not exceed the recommended speeds and pressures when using the cutters to prevent injury or damage.
- Avoid using the product if you are tired or under the influence of substances that may impair your judgment.

Instructions for Installation and Usage

1. Setup:

- Select the appropriate cutter for your task (90° facing cutter or 45° chamfering cutter).
- Attach the cutter securely to the handle.
- Insert the brass bore pilot into the cutter to ensure proper alignment.

2. Using the Facing Cutter:

- Position the muzzle securely in a vise.
- Align the cutter with the muzzle and apply steady pressure.
- Rotate the cutter to square the muzzle after shortening or repair damage.

3. Using the Chamfer Cutter:

- For bullet exit, use the 45° chamfering cutter to break the edges of the rifling.
- For revolver cylinder mouth, chamfer the edges for quick reloads.
- Maintain a consistent pressure and speed for a clean finish.

4. After Use:

- Remove the cutter and pilot from the handle.
- Clean all components to remove any debris or residue.
- Store the product in a safe, dry place, preferably in the provided polypropylene box.

Disposal Instructions

- Dispose of the product according to local regulations and guidelines.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Consider recycling options for metal components where available.

Contact Information for Further Support

For any safety inquiries or further support, please contact the manufacturer or authorized distributor. Ensure you have your product details ready for efficient assistance.

Thank you for prioritizing safety while using the BRASS ONE CALIBER SET. Your adherence to these guidelines helps ensure a safe and effective experience.
