

BRASS ONE CALIBER SET FOR .20 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Square Up & Chamfer Rifle and Handgun Muzzles P Brass Bore Pilot

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one brass bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for BRASS ONE CALIBER SET

Introduction

Thank you for choosing the BRASS ONE CALIBER SET for .20 Muzzle. This product is designed to assist you in achieving precision in your muzzle work. To ensure your safety and the proper use of this tool, please read this safety instruction guide thoroughly before use.

General Safety Guidelines

- Always read and understand the user manual before using the product.
- Ensure that all tools are in good working condition before use.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling and using this product.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the correct cutter for the caliber you are working with to avoid tool damage and personal injury.
- Always ensure that the cutter is securely attached to the handle before use.
- Do not attempt to modify the product in any way, as this can lead to unsafe conditions.
- Keep hands and other body parts away from the cutting area while in use.
- Ensure that the work area is clean and free of any obstructions.
- Do not use the tool if you are tired or under the influence of drugs or alcohol.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the BRASS ONE CALIBER SET, a suitable work surface, and personal protective equipment.

2. Installation of the Cutter:

- Select the appropriate cutter (90° facing cutter or 45° chamfering cutter) based on your task.
- Insert the cutter securely into the handle until it clicks into place.
- Ensure that the cutter is properly aligned and locked in position.

3. Using the Cutter:

- Position the muzzle or cylinder securely on a stable work surface.
- Hold the handle firmly and apply even pressure while cutting.
- For facing, ensure the cutter is perpendicular to the muzzle.
- For chamfering, position the cutter at a 45° angle to break the edges of the rifling.
- After use, clean the cutter and handle to remove any debris or residue.

4. PostUse Care:

- Store the product in its original polypropylene box to protect it from damage.
- Keep the product in a dry place away from extreme temperatures and humidity.

Disposal Instructions

- Dispose of the product and packaging materials in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, consider recycling options where available.

Contact Information for Further Support

For any safety inquiries or support regarding the BRASS ONE CALIBER SET, please refer to the manufacturer's contact details provided with the product packaging. Always ensure that you are in compliance with local regulations when seeking assistance or reporting issues.

By following these guidelines, you can ensure a safe and effective experience with the BRASS ONE CALIBER SET. Thank you for your attention to safety.
