

BRASS ONE CALIBER SET FOR 6.5MM/.264 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Square Up & Chamfer Rifle and Handgun Muzzles P Brass Bore Pilot

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one brass bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for BRASS ONE CALIBER SET

Introduction

Thank you for choosing the BRASS ONE CALIBER SET for 6.5MM/.264 Muzzle. This product is designed to assist in the maintenance and modification of firearm components. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always handle tools with care. Use appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Keep the product out of reach of children and unauthorized users.
- Ensure that the work area is clean, organized, and welllit to prevent accidents.
- Do not use the product for purposes other than those specified in this guide.
- Familiarize yourself with the product components before use.
- Report any unsafe conditions or accidents to the appropriate authorities immediately.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

• Potential Hazards:

- Sharp edges on cutters can cause cuts or lacerations.
- Improper use may lead to damage to the firearm or personal injury.
- The use of inappropriate force may lead to tool failure.

• Avoiding Hazards:

- Always ensure that the cutter is securely attached to the handle before use.
- Do not exceed recommended torque or force when using the cutters.
- Inspect the product for damage before each use. Do not use if any components are damaged.
- Keep hands and other body parts clear of the cutting area during operation.
- Store the product in a safe place when not in use.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have all components: one 90° facing cutter, one 45° chamfering cutter, one handle, and one brass bore pilot.
- Select the appropriate cutter for your task.

2. Attaching the Cutter:

- Insert the cutter into the handle until it is securely in place.
- Ensure that the interchangeable pilot is properly aligned with the cutter.

3. Using the Facing Cutter:

- Position the muzzle of the firearm securely.
- Apply the cutter to the muzzle at a 90° angle.

- Turn the handle gently, allowing the cutter to square the muzzle.

4. Using the Chamfer Cutter:

- For chamfering, position the cutter at a 45° angle against the edges of the rifling.
- Rotate the handle to break the edges for a clean bullet exit or chamfer the cylinder mouth of a revolver.

5. PostUse:

- Clean the cutters and handle after use to prevent rust and maintain sharpness.
- Store the product in the provided polypropylene box to protect it from damage.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal waste.
- Do not dispose of in household waste. Check for recycling programs in your area.
- Ensure that all components are disposed of safely to prevent injury to others.

Contact Information for Further Support

For questions or support regarding the BRASS ONE CALIBER SET, please consult the retailer from whom you purchased the product. They can provide assistance and information on warranty claims or product issues.

By following these safety instructions, you can ensure a safe and effective experience with your BRASS ONE CALIBER SET. Thank you for prioritizing safety.
