

## **BRASS ONE CALIBER SET FOR .375 MUZZLE**

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

### **Square Up & Chamfer Rifle and Handgun Muzzles P Brass Bore Pilot**

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one brass bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

# Safety Instruction Guide for BRASS ONE CALIBER SET FOR .375 MUZZLE

## Introduction

Thank you for choosing the BRASS ONE CALIBER SET FOR .375 MUZZLE. This product is designed to assist in the accurate and safe chamfering of gun barrels and revolver cylinders. To ensure your safety and the proper functioning of this product, please read and follow the guidelines outlined in this manual carefully.

## General Safety Guidelines

- Always use the product as intended, following the instructions provided.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using this tool.
- Be aware of your surroundings and ensure that no one is in the vicinity when using the cutter.
- Do not attempt to modify the product in any way.
- Store the product in a safe and dry place when not in use.

## Specific Safety Precautions for Use

- Ensure that the cutter is securely attached to the handle before use.
- Use the appropriate pilot for the caliber you are working with to ensure proper alignment.
- Always cut away from your body and keep your hands clear of the cutting area.
- Do not exceed the recommended speeds when using the cutter.
- Avoid using excessive force; let the tool do the work.
- If you experience any difficulties while using the product, stop immediately and reassess the situation.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary components: the facing cutter, chamfering cutter, handle, and brass bore pilot.
- Ensure your workspace is clean and free from obstructions.

### 2. Attaching the Cutter:

- Select the appropriate cutter (facing or chamfering) based on your task.
- Insert the cutter into the handle until it is securely locked in place.

### 3. Selecting the Pilot:

- Choose the correct brass bore pilot for the caliber you are working with.
- Insert the pilot into the cutter, ensuring it is properly aligned.

### 4. Using the Tool:

- Position the muzzle or cylinder securely in a vice or clamp.
- Hold the handle firmly and apply gentle pressure while rotating the cutter.
- For chamfering, use the 45° cutter to break the edges of the rifling for a clean exit.

### 5. PostUse Care:

- After use, clean the tool thoroughly to remove any debris or residue.
- Store the tool in its polypropylene box to protect it from damage.

## **Disposal Instructions**

- Dispose of any broken or wornout components responsibly in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For any inquiries regarding safety or product usage, please contact the manufacturer or your local distributor. Ensure you have the product details ready for a more efficient response.

By adhering to these safety guidelines and instructions, you will ensure a safe and effective experience with the BRASS ONE CALIBER SET FOR .375 MUZZLE. Thank you for your attention to safety.
