

BRASS ONE CALIBER SET FOR .45 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Square Up & Chamfer Rifle and Handgun Muzzles P Brass Bore Pilot

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one brass bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for BRASS ONE CALIBER SET

Introduction

Thank you for choosing the BRASS ONE CALIBER SET for .45 muzzle. This guide provides essential safety information and usage instructions to ensure your safe and effective use of this product. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any visible damage before use. Do not use if damaged.
- Use the product only for its intended purpose as described in this guide.
- Maintain a clean and organized workspace to prevent accidents.
- Store the product in a dry place and protect it from extreme temperatures and humidity.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while using the product.
- Ensure that the work area is wellventilated to avoid inhalation of any dust or particles generated during use.
- Avoid using excessive force when operating the cutters to prevent injury or damage to the product.
- Keep hands and other body parts away from the cutting area while in operation.
- Only use the product with compatible calibers as specified in the product description.
- Do not modify the product or use it in any way not described in this guide.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and materials required for the task.
- Ensure that the work area is clean and free from clutter.

2. Using the Facing Cutter

- Attach the facing cutter to the handle securely.
- Position the cutter at a 90° angle to the muzzle.
- Apply gentle pressure while rotating the cutter to square the muzzle.

3. Using the Chamfer Cutter

- Attach the chamfer cutter to the handle securely.
- Position the cutter at a 45° angle to the edge of the rifling or revolver cylinder mouth.
- Rotate the cutter gently to break the edges for a clean bullet exit or quick reloads.

4. Interchangeable Pilot

- Insert the brass bore pilot into the cutter for proper alignment.
- Ensure that the pilot fits snugly and does not wobble during use.

5. PostUse Care

- Clean the cutters and handle after each use to remove any debris or residue.
- Store the product in the provided polypropylene box to protect it from damage.

Disposal Instructions

- Dispose of the product according to local regulations regarding metal and plastic waste.
- Do not dispose of the product in regular household waste.
- If the product is no longer usable, consider recycling the materials where possible.

Contact Information for Further Support

For any safety inquiries or further support, please refer to the manufacturer's contact information provided with the product packaging.

Conclusion

By following the safety guidelines and instructions outlined in this guide, you can ensure a safe and effective experience with the BRASS ONE CALIBER SET. Always prioritize safety and do not hesitate to seek assistance if you have any questions or concerns regarding the use of this product. Thank you for your attention to these important safety instructions.
