

45° MUZZLE/CYLINDER CHAMFERING CUTTER & BRASS PILOT - 45 DEGREE FACING CUTTER & BRASS PILOT FOR .32 CYLINDER

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Break Sharp Edges On Rifle & Handgun Muzzles; Get Faster Cylinder Filling On Revolvers

45° chamfering cutter breaks the edges of the rifling for a clean bullet exit or chamfers revolver cylinder chamber mouths for quick reloads. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately. The 45° Cutter supplied in Sets marked with an * is 5/8" dia. to correctly chamfer the larger barrel and cylinder mouths on those calibers. All other Sets have a 1/2" diameter, 45° cutter.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot

Introduction

Thank you for choosing the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot. This tool is designed to enhance your reloading experience by chamfering the edges of the rifling for a clean bullet exit and chamfering revolver cylinder chamber mouths for quick reloads. This safety instruction guide aims to ensure your safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Product Safety:** This product is designed for safe use. Follow all instructions to minimize risks.
- Enhanced Recalls:** Stay informed about product recalls. If necessary, follow the instructions provided in recall notices.
- Online Shopping:** If purchased online, ensure the retailer meets safety requirements.
- Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach.
- EU Contact Point:** For safety inquiries, refer to the manufacturer or retailer.
- Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- Hazard Identification:**
 - Sharp edges: The cutter has sharp edges that can cause cuts.
 - Improper use: Using the tool incorrectly may lead to accidents or damage.
- Avoiding Hazards:**
 - Always cut away from your body to avoid injury.
 - Use protective gloves when handling the cutter.
 - Ensure the tool is stable and secure during use.
 - Keep the work area clean and free of obstructions.
 - Do not use the cutter for purposes other than intended.

Instructions for Installation and Usage

- Installation:**
 - Ensure you have all components: cutter, handle, and pilot.
 - Attach the pilot securely to the cutter.
 - Connect the handle to the cutter properly.
- Usage:**
 - Hold the cutter firmly by the handle.
 - Position the cutter at a 45° angle to the cylinder mouth or barrel.
 - Apply even pressure while chamfering to achieve a clean edge.
 - Check the chamfer regularly to ensure it meets your specifications.
 - If using multiple calibers, purchase additional pilots as needed.

Disposal Instructions

- Dispose of the product according to local regulations regarding tools and metal waste.
- Do not dispose of the product in household waste. Check for recycling options in your area.

Contact Information for Further Support

For further assistance or inquiries regarding safety or usage of the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot, please refer to the manufacturer or retailer from whom you purchased the product.

By following these guidelines, you can ensure a safe and effective experience with your 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot. Thank you for your attention to safety!
