

## **45° MUZZLE/CYLINDER CHAMFERING CUTTER & BRASS PILOT - 45 DEGREE FACING CUTTER & BRASS PILOT FOR .35 MUZZLE**

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

### **Break Sharp Edges On Rifle & Handgun Muzzles; Get Faster Cylinder Filling On Revolvers**

45° chamfering cutter breaks the edges of the rifling for a clean bullet exit or chamfers revolver cylinder chamber mouths for quick reloads. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately. The 45° Cutter supplied in Sets marked with an \* is 5/8" dia. to correctly chamfer the larger barrel and cylinder mouths on those calibers. All other Sets have a 1/2" diameter, 45° cutter.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

# Safety Instruction Guide for 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot

## Introduction

Thank you for choosing the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot. This guide provides essential safety information and instructions to ensure safe and effective usage of the product. Please read this document carefully before using the cutter.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using the cutter.
- Inspect the product for damage or wear before each use. Do not use if any part is damaged.
- Store the cutter in a safe, dry place when not in use to prevent accidents and damage.
- Report any unsafe product incidents or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always ensure the cutter is securely attached to the handle before use.
- Use the cutter on a stable and secure surface to prevent slipping or accidents.
- Avoid applying excessive force when using the cutter; let the tool do the work.
- Do not attempt to modify the cutter or use it in any manner not specified in this guide.
- Be cautious of sharp edges and points. Handle the cutter with care to avoid cuts or injuries.
- If you experience any discomfort or pain while using the cutter, stop immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary materials: the cutter, handle, and pilot.
- Ensure your workspace is clean and free of clutter.

### 2. Installation

- Select the appropriate pilot for your caliber.
- Attach the pilot to the cutter by aligning it with the designated slot.
- Securely fasten the handle to the cutter.

### 3. Using the Cutter

- Position the cutter at a 45° angle against the muzzle or chamber mouth.
- Apply gentle pressure while rotating the cutter to chamfer the edge.
- Check the progress periodically to ensure a clean chamfer without overworking the material.
- After use, clean the cutter and store it in the provided polypropylene box.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal and plastic waste.
- Do not dispose of the product in general household waste.

- Consider recycling the materials where possible.

## **Contact Information for Further Support**

For any inquiries regarding safety or product usage, please refer to the manufacturer's contact details provided with your product packaging.

By following these guidelines and instructions, you can ensure a safe and effective experience with your 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot. Thank you for your attention to safety.
