

# **45° MUZZLE/CYLINDER CHAMFERING CUTTER & BRASS PILOT - BROWNELLS 45 DEGREE FACING CUTTER & BRASS PILOT FOR .38/.375 CYLINDER**

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

## **Break Sharp Edges On Rifle & Handgun Muzzles; Get Faster Cylinder Filling On Revolvers**

45° chamfering cutter breaks the edges of the rifling for a clean bullet exit or chamfers revolver cylinder chamber mouths for quick reloads. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately. The 45° Cutter supplied in Sets marked with an \* is 5/8" dia. to correctly chamfer the larger barrel and cylinder mouths on those calibers. All other Sets have a 1/2" diameter, 45° cutter.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

# Safety Instruction Guide for 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot

## Introduction

Thank you for choosing the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot by Brownells. This tool is designed to enhance your reloading experience by providing a clean bullet exit and facilitating quick reloads for .38/.357 caliber revolvers. To ensure safe and effective use, please read and follow the safety guidelines outlined in this manual.

## General Safety Guidelines

- Ensure that you are familiar with the operation of the chamfering cutter before use.
- Always wear appropriate personal protective equipment (PPE), including safety goggles and gloves, to protect against metal shavings and debris.
- Keep the tool out of reach of children and vulnerable individuals.
- Do not use the cutter for any purpose other than its intended use.
- Inspect the tool regularly for any signs of wear or damage. If any parts are damaged, discontinue use and contact support for assistance.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always ensure that the cutter is securely attached to the handle before use.
- Use the cutter on a stable and flat surface to prevent slipping during operation.
- Avoid wearing loose clothing or accessories that may get caught in the tool while in use.
- Do not apply excessive force when using the cutter; let the tool do the work.
- Do not attempt to modify or alter the cutter in any way.
- If you experience any discomfort or unusual sensations while using the tool, stop immediately and seek assistance.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials, including the cutter, handle, and pilot.
- Ensure that your workspace is clean and free of obstructions.

### 2. Installing the Cutter:

- Select the appropriate pilot for your caliber (e.g., .45 ACP1 for S&W model 25 & 625 or .45 ACP2 for Colt 1917).
- Insert the pilot into the cutter and ensure it is properly seated.
- Attach the cutter securely to the handle.

### 3. Using the Cutter:

- Position the revolver cylinder with the chamber mouth facing up.
- Align the cutter with the chamber mouth, ensuring a steady grip on the handle.
- Gently rotate the cutter to chamfer the edges of the chamber mouth. Use a smooth, steady motion.
- After use, clean the cutter and pilot to remove any metal shavings or debris.

#### 4. Storage:

- Store the cutter and its components in the provided polypropylene box to prevent damage.
- Keep the box in a dry, cool place away from direct sunlight.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations for metal waste.
- If the product is no longer usable, ensure that it is disposed of responsibly to minimize environmental impact.

## Contact Information for Further Support

For more information or assistance regarding the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot, please refer to the product packaging for contact details of your local distributor or manufacturer.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Your attention to these guidelines helps ensure a safe and enjoyable experience with your new tool.
