

45° MUZZLE/CYLINDER CHAMFERING CUTTER & BRASS PILOT - 45 DEGREE FACING CUTTER & BRASS PILOT FOR .44 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Break Sharp Edges On Rifle & Handgun Muzzles; Get Faster Cylinder Filling On Revolvers

45° chamfering cutter breaks the edges of the rifling for a clean bullet exit or chamfers revolver cylinder chamber mouths for quick reloads. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately. The 45° Cutter supplied in Sets marked with an * is 5/8" dia. to correctly chamfer the larger barrel and cylinder mouths on those calibers. All other Sets have a 1/2" diameter, 45° cutter.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot

Introduction

Thank you for choosing the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot. This tool is designed to enhance your reloading experience by ensuring clean bullet exits and quick reloads. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Always wear appropriate personal protective equipment (PPE), including safety goggles and gloves, when using the cutter.
- Keep the tool out of reach of children and unauthorized users.
- Inspect the tool for any damage or wear before each use. Do not use if damaged.
- Store the tool in a safe and secure location when not in use, preferably in the provided polypropylene box.
- Be aware of your surroundings and ensure you have a clear workspace free of distractions.

Specific Safety Precautions for Use

- **Sharp Edges:** The cutter has sharp edges that can cause injury. Handle with care and use only as directed.
- **Pilot Alignment:** Ensure the pilot is properly aligned before use to avoid misfires or accidents.
- **Material Compatibility:** Use the cutter only with materials specified for the tool. Using incompatible materials can lead to tool damage or personal injury.
- **Proper Grip:** Always maintain a firm grip on the handle while using the cutter to prevent slips.
- **Avoid Overexertion:** Do not apply excessive force when using the cutter. Let the tool do the work to avoid injuries.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including the cutter, handle, and pilot.
- Ensure your workspace is clean and welllit.

2. Installing the Pilot:

- Select the appropriate pilot for the caliber you are working with.
- Insert the pilot into the cutter until it is securely in place.

3. Using the Cutter:

- Hold the cutter by the handle with one hand and position the pilot over the chamber or muzzle you wish to chamfer.
- Apply gentle pressure and rotate the cutter in a clockwise direction, allowing the cutter to chamfer the edge smoothly.
- Avoid forcing the cutter; if you encounter resistance, stop and check for alignment.

4. PostUse Care:

- After use, clean the cutter and pilot to remove any debris or residue.
- Store the cutter and pilot in the provided polypropylene box to protect them from damage.

Disposal Instructions

- Dispose of any damaged parts in accordance with local regulations.
- Do not dispose of the tool in general waste. Check with local authorities for proper disposal methods for metal tools.

Contact Information for Further Support

For any safety inquiries or support, please refer to the manufacturer's contact information provided with your product packaging. Always ensure that you have the latest updates regarding safety and recalls from authorized sources.

By following these safety instructions, you can ensure a safe and effective experience with your 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot. Thank you for prioritizing safety in your reloading practices.
