[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

## **Break Sharp Edges On Rifle & Handgun Muzzles; Get Faster Cylinder Filling On Revolvers**

45° chamfering cutter breaks the edges of the rifling for a clean bullet exit or chamfers revolver cylinder chamber mouths for quick reloads. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately. The 45° Cutter supplied in Sets marked with an \* is 5/8" dia. to correctly chamfer the larger barrel and cylinder mouths on those calibers. All other Sets have a 1/2" diameter, 45° cutter.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

# Safety Instruction Guide for 45° MUZZLE/CYLINDER CHAMFERING CUTTER & BRASS PILOT

## Introduction

Thank you for choosing the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the cutter.

## General Safety Guidelines

- Product Safety:
  - Ensure safe use of the chamfering cutter by following all instructions.
  - Be aware of risks associated with handling sharp tools.
- Enhanced Recalls:
  - Stay informed about any product recalls by checking the EU's Safety Gate platform regularly.
- Online Shopping:
  - When purchasing online, ensure that the seller complies with safety regulations.
- Special Consumer Focus:
  - Keep this product out of reach of children to prevent accidents.
- EU Contact Point:
  - For any safety inquiries, please refer to the product packaging or the retailer.
- Rapid Alerts:
  - Report any unsafe products or incidents to local authorities immediately.

## Specific Safety Precautions for Use

- Always wear protective eyewear when using the cutter to prevent injury from metal shavings or debris.
- Use gloves to protect your hands from sharp edges.
- Ensure the work area is clean and free of obstructions to prevent slips or falls.
- Do not use the cutter for any purpose other than its intended use.
- Keep the cutter in its protective case when not in use to prevent accidental cuts or injuries.
- Ensure the cutter is properly secured before use to prevent movement during operation.
- Do not attempt to modify the cutter or use it with incompatible components.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before starting. Ensure you have the cutter, handle, and

pilot.

## 2. Installation:

- Insert the pilot into the cutter, ensuring it is fully seated and secure.
- Attach the handle to the cutter, making sure it is tightly fitted.

## 3. Usage:

- Position the cutter at a 45° angle against the edge of the barrel or cylinder mouth.
- Apply steady pressure while rotating the cutter in a clockwise direction.
- Check frequently to ensure a clean chamfer and avoid overcutting.
- After use, clean the cutter and pilot to remove any debris or residue.

## 4. Storage:

- Store the cutter and pilots in the provided polypropylene box to protect them from damage and to keep them organized.

## Disposal Instructions

- Dispose of any worn or damaged parts responsibly.
- Check local regulations for proper disposal of metal and plastic materials.
- Do not dispose of the cutter in regular household waste.

## Contact Information for Further Support

For further assistance or inquiries regarding safety and usage, please refer to the product packaging or contact the retailer from whom you purchased the cutter.

By following these guidelines, you can ensure a safe and effective experience with your 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot. Thank you for your attention to safety.
