

45° MUZZLE/CYLINDER CHAMFERING CUTTER & BRASS PILOT - 45 DEGREE FACING CUTTER & BRASS PILOT FOR .45 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Break Sharp Edges On Rifle & Handgun Muzzles; Get Faster Cylinder Filling On Revolvers

45° chamfering cutter breaks the edges of the rifling for a clean bullet exit or chamfers revolver cylinder chamber mouths for quick reloads. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately. The 45° Cutter supplied in Sets marked with an * is 5/8" dia. to correctly chamfer the larger barrel and cylinder mouths on those calibers. All other Sets have a 1/2" diameter, 45° cutter.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot

Introduction

Thank you for choosing the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot. This tool is designed to enhance your reloading experience by ensuring clean bullet exits and efficient cylinder chamber preparation. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- **Product Safety:** This product is designed for safe use in accordance with EU regulations. Always follow the instructions provided.
- **Enhanced Recalls:** In the event of a product recall, updates will be provided through official channels. Always check for recall notices.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety regulations similar to those of physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the appropriate EU-based contact point.
- **Rapid Alerts:** Stay informed about product safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear safety goggles and gloves while using the cutter to protect against metal shavings and sharp edges.
- **Work Environment:** Use the cutter in a well-lit and clean workspace to avoid accidents.
- **Tool Maintenance:** Regularly inspect the cutter for wear and damage. Do not use if any parts are broken or worn out.
- **Proper Handling:** Always handle the cutter by the handle and avoid placing fingers near the cutting edge.
- **Storage:** Store the cutter and pilots in the provided polypropylene box to prevent damage and ensure safe storage.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the workspace is clean and well-lit.
- Gather all necessary tools and materials, including the cutter, handle, and pilot.

2. Installing the Pilot:

- Select the appropriate brass pilot for your caliber.
- Insert the pilot into the cutter, ensuring it is securely locked in place.

3. Using the Cutter:

- Firmly grip the handle and position the cutter at a 45° angle to the muzzle or cylinder mouth.
- Apply even pressure while rotating the cutter to chamfer the edge. Do not apply excessive force.
- For revolver cylinder chamber mouths, ensure the cutter is properly aligned for a consistent chamfer.

4. Finishing Up:

- After use, clean the cutter and pilot to remove any debris or residue.
- Store the cutter and pilots in the polypropylene box to protect them from damage.

Disposal Instructions

- **Product Disposal:** Dispose of the cutter and any wornout pilots in accordance with local regulations regarding metal waste.
- **Packaging Disposal:** Recycle the polypropylene box and any packaging materials according to local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please consult the manufacturer or your point of purchase for assistance.

By following these safety instructions, you can ensure a safe and effective experience with the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot. Thank you for your attention to safety!
