

## **45° MUZZLE/CYLINDER CHAMFERING CUTTER & BRASS PILOT - BROWNELLS 45 DEGREE FACING CUTTER & BRASS PILOT FOR .45ACP-2 CYLINDER**

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

### **Break Sharp Edges On Rifle & Handgun Muzzles; Get Faster Cylinder Filling On Revolvers**

45° chamfering cutter breaks the edges of the rifling for a clean bullet exit or chamfers revolver cylinder chamber mouths for quick reloads. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately. The 45° Cutter supplied in Sets marked with an \* is 5/8" dia. to correctly chamfer the larger barrel and cylinder mouths on those calibers. All other Sets have a 1/2" diameter, 45° cutter.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

# Safety Instruction Guide for 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot

## Introduction

Thank you for purchasing the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot. This product is designed to enhance the performance of your firearm by chamfering the edges of the rifling for clean bullet exits and facilitating quick reloads in revolver cylinders. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the cutter.
- Keep the cutter and its components out of reach of children and unauthorized users.
- Inspect the cutter and all components before each use for any signs of damage or wear.
- Do not use the cutter for any purpose other than its intended use.
- Ensure that the work area is clean and free from distractions while using the cutter.
- Follow all local laws and regulations regarding the use of firearm accessories.

## Specific Safety Precautions for Use

- Handle the cutter with care, as the cutting edges are sharp and can cause injury.
- Always ensure that the cutter is securely attached to the handle before use.
- Use the cutter only on materials for which it is designed. Do not attempt to chamfer materials that are not compatible.
- Do not apply excessive force while using the cutter; let the tool do the work.
- If you experience any difficulty during use, stop immediately and assess the situation before proceeding.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the 45° cutter, handle, and pilot.
- Ensure your work area is clean and welllit.

### 2. Installation:

- Insert the pilot into the cutter. Ensure that it is properly aligned and securely fitted.
- Attach the cutter to the handle by following the manufacturer's instructions.

### 3. Using the Cutter:

- Position the cutter at a 45° angle against the edge of the rifling or chamber mouth.
- Apply gentle pressure and rotate the cutter in a clockwise direction.
- Continue until the desired chamfer is achieved.
- Regularly check the cutter and pilot for wear and replace them as necessary.

### 4. After Use:

- Clean the cutter and its components with a soft cloth to remove any debris.
- Store the cutter and all components in the provided polypropylene box to protect them from damage.

## **Disposal Instructions**

- Dispose of the cutter and its components in accordance with local regulations.
- Do not dispose of the cutter in regular household waste if it is damaged or has sharp edges. Instead, take it to a designated hazardous waste disposal facility.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot, please refer to the manufacturer's contact information provided with the product packaging.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot. Always prioritize safety and refer to this guide whenever you have questions about the product's use. Thank you for your attention to these important safety measures.
