

45° MUZZLE/CYLINDER CHAMFERING CUTTER & BRASS PILOT - 45 DEGREE FACING CUTTER & BRASS PILOT FOR .458/.45-70MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Break Sharp Edges On Rifle & Handgun Muzzles; Get Faster Cylinder Filling On Revolvers

45° chamfering cutter breaks the edges of the rifling for a clean bullet exit or chamfers revolver cylinder chamber mouths for quick reloads. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately. The 45° Cutter supplied in Sets marked with an * is 5/8" dia. to correctly chamfer the larger barrel and cylinder mouths on those calibers. All other Sets have a 1/2" diameter, 45° cutter.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot

Introduction

Thank you for choosing the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot. This product is designed to provide a clean bullet exit and facilitate quick reloads for revolver cylinder chambers. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- **Product Safety:** This product is designed to meet safety requirements for nonfood items. Always ensure safe usage to avoid accidents.
- **Enhanced Recalls:** Stay informed about any product recalls. If a recall occurs, follow the instructions provided for returning or remedying the product.
- **Online Shopping:** When purchasing online, ensure the seller complies with safety regulations applicable to physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU contact point for this product.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on any unsafe products.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear safety goggles and gloves when using the cutter to protect against debris and sharp edges.
- **Work Area:** Ensure your work area is clean, welllit, and free from distractions to minimize the risk of accidents.
- **Tool Inspection:** Before use, inspect the cutter and handle for any signs of damage or wear. Do not use if damaged.
- **Proper Handling:** Always handle the cutter with care. Avoid placing fingers near the cutting edge.
- **Storage:** Store the cutter and pilots in the provided polypropylene box when not in use to prevent accidents and damage.
- **Supervision:** If someone inexperienced is using the cutter, ensure they are supervised by a knowledgeable adult.

Instructions for Installation and Usage

1. Assembly:

- Remove the cutter, handle, and pilot from the polypropylene box.
- Attach the pilot securely to the cutter according to the manufacturer's instructions.

2. Using the Cutter:

- Hold the cutter firmly by the handle.
- Position the cutter at a 45° angle against the muzzle or cylinder mouth.
- Apply gentle pressure while rotating the cutter to chamfer the edge.
- Do not force the cutter; let it do the work to avoid damaging the tool or the firearm.

3. Changing Pilots:

- To change the pilot, gently unscrew it from the cutter.
- Replace it with the desired pilot for different calibers, ensuring it is securely tightened.

4. **Cleaning After Use:**

- Clean the cutter and pilots with a dry cloth to remove any debris.
- Store the tools in the polypropylene box to protect them from damage.

Disposal Instructions

- **Disposal of the Product:** When the cutter and pilots are no longer usable, dispose of them in accordance with local regulations. Do not dispose of in regular household waste if local laws require specific disposal methods for metal tools.
- **Recycling:** Consider recycling the materials where possible. Check with your local recycling facility for guidelines.

Contact Information for Further Support

For any additional questions or concerns regarding the safety and use of the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot, please refer to the designated EU contact point for this product.

Thank you for prioritizing safety while using the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot. Your careful attention to these guidelines will help ensure a safe and effective experience.
