INHOLE MASTER KIT Safety Instruction Guide

Introduction

Thank you for choosing the INHOLE MASTER KIT. This guide provides essential safety instructions and usage guidelines to ensure the safe operation of the coil springs included in this kit. Please read this document carefully before using the product.

General Safety Guidelines

- Always use the INHOLE MASTER KIT as intended.
- Ensure that the work area is clean and free from hazards before beginning any task.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the springs for any signs of damage before each use. Do not use damaged springs.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling springs.
- Be aware of your surroundings and ensure that no one is in the immediate area when using the springs.
- If you experience any discomfort or difficulty while using the product, stop immediately and seek assistance.

Specific Safety Precautions for Use

- **Handling Springs:**
 - Always handle springs with care to avoid injury.
 - Do not attempt to modify or alter the springs in any way.
- **Installation:**
 - Ensure that the springs are installed in the correct orientation as per the instructions.
 - Do not force springs into place; they should fit snugly without excessive pressure.
- **Operation:**
 - Use the springs only in applications for which they are designed.
 - Avoid sudden impacts or excessive loads that may cause the springs to fail.
- **Storage:**
 - Store springs in a dry, cool place away from direct sunlight and moisture.
 - Keep springs in their original packaging when not in use to prevent damage.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and ensure your work area is organized.
- Review the specific application for which you will be using the springs.

2. Installation Steps:

- Identify the appropriate spring for your application from the kit.
- Carefully insert the spring into the designated area, ensuring it is aligned correctly.
- If using OverPin springs, ensure they are placed over the gun pins and plungers as intended.

- For InHole springs, ensure they fit securely inside the restricted areas without obstruction.

3. Testing:

- Once installed, gently test the functionality of the springs.
- Watch for any unusual sounds or movements that may indicate improper installation.

4. Usage:

- Use the springs only within the specified limits of their design.
- Regularly check the springs during use to ensure they are functioning correctly.

Disposal Instructions

- Dispose of any damaged or unused springs in accordance with local regulations.
- Do not dispose of springs in regular household waste.
- Check with local waste management facilities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the INHOLE MASTER KIT, please refer to the EU contact point provided by the manufacturer. Ensure you have the product details ready for any inquiries.

By following these instructions and safety guidelines, you can ensure the safe and effective use of the INHOLE MASTER KIT. Thank you for your attention to safety.
