# MUZZLE FACING/CROWNING CUTTER DRILL CHUCK ADAPTER Safety Instructions

## Introduction

Thank you for choosing the MUZZLE FACING/CROWNING CUTTER DRILL CHUCK ADAPTER by BROWNELLS. This product is designed to enhance your drilling experience by allowing you to use Brownells piloted Facing, Crowning, and Chamfering Cutters with your drill press or electric drill motor. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always read and understand the product instructions before use.
- Ensure that the product is used in accordance with the manufacturer's guidelines.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the drill chuck is compatible with the adapter (3/8" or larger).
- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves.
- Do not exceed the recommended RPM for drill usage.
- Avoid loose clothing or accessories that could become entangled in the drill.
- Ensure the workpiece is securely clamped before starting the drilling process.
- Do not attempt to modify the adapter or use it for any purpose other than its intended use.
- Be cautious of sharp edges and burrs when handling the cutter and adapter.

## Instructions for Installation and Usage

### Installation

1. Ensure the drill is unplugged or turned off before installation.
2. Select a Brownells 1/4"20 threaded shaft cutter.
3. Insert the threaded shaft of the cutter into the adapter until it is fully seated.
4. Secure the cutter by tightening the adapter's locking mechanism.
5. Insert the adapter into the drill chuck and tighten it securely.

### Usage

1. Verify that the drill is set to the correct speed for the cutter being used.
2. Position the workpiece securely on a stable surface.
3. Align the cutter with the desired drilling point on the workpiece.
4. Turn on the drill and gradually apply pressure to the cutter.
5. Allow the cutter to do the work; do not force it.
6. Once completed, turn off the drill and remove the adapter and cutter from the chuck.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options for metal components where possible.

## **Contact Information for Further Support**

For any inquiries or support related to the MUZZLE FACING/CROWNING CUTTER DRILL CHUCK ADAPTER, please refer to the manufacturer's contact details provided with the product packaging.

By following these safety instructions, you can ensure a safe and efficient experience with your MUZZLE FACING/CROWNING CUTTER DRILL CHUCK ADAPTER. Thank you for your attention to safety.
