

# ACRAGLAS® HARDENER & RESIN - BROWNELLS 7 OZ. HARDENER

[Gunsmith Tools](#) > [Stock Work & Finishing](#) > [Stock Bedding & Adhesives](#)

Hardener and Resin to restock your Acraglas Kits. Both can be purchased together or individually in various container sizes. The word ACRAGLAS has proven, during the many years it has been used by shooters, to be a true and fair product description. For Acraglas, as its name implies, is an accurizing material designed for the exclusive purpose of making a rifle shoot more accurately. Granted, it is a superior bedding compound used and sold as such by dealers, stock manufacturers and gunsmiths - but the fact remains: its prime purpose is to accurize a rifle. THE AMERICAN RIFLEMAN To quote L.R.W. in the American Rifleman Dope Bag, "Acraglas will be found an excellent preparation to correct poor bedding and the revitalized rifle should respond with considerably better accuracy." "It's a boon for the lazy, too, because if you are inletting a stock blank you simply cut out too much wood all the way around, gob the wood well with Acraglas, put the metal in (properly treated with release agent coming with the kit) and set aside for about 24 hours. When the metal is removed, the result is perfect bedding for the action - good, strong, and reliable bedding it is, too." PROVEN IN THE FIELD As the manufacturers of Acraglas, we cannot help but be very proud, too, of the many individual shooters and teams who have won big bore regional and Perry matches with Acraglassed guns ... and of the hunters who have sent us "before and after" targets made when sighting in their game rifles after using Acraglas. The basic materials used in Acraglas are those developed for the aircraft industry. These we have adapted to gun work.

## Attributes

- Name: [BROWNELLS 7 OZ. HARDENER](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 081005030
- Mfr. No.: FGA01027
- Size: 7 oz
- Type: Acraglas
- Quantity: 7
- Delivery weight: 0.249kg
- Shipping height: 150mm
- Shipping width: 64mm
- Shipping length: 84mm
- UPC: 050806101227

# ACRAGLAS® HARDENER & RESIN BROWNELLS 7 OZ. HARDENER Safety Instruction Guide

## Introduction

Thank you for choosing ACRAGLAS® HARDENER & RESIN BROWNELLS 7 OZ. HARDENER. This product is designed to enhance the accuracy of your rifle through effective bedding and restoration. To ensure safe and effective use, please follow the guidelines outlined in this safety instruction guide.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Keep out of reach of children and pets. This product is not intended for use by individuals under the age of 18.
- Use personal protective equipment (PPE) such as gloves and safety goggles when handling the product.
- Ensure adequate ventilation in the area where the product is used to avoid inhalation of fumes.
- In case of accidental ingestion, seek medical attention immediately. Do not induce vomiting.
- Dispose of unused product and containers in accordance with local regulations.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Skin Irritation: May cause skin irritation upon contact. Always wear gloves.
- Eye Irritation: May cause serious eye irritation. Use safety goggles.
- Fumes: Inhalation of vapors may be harmful. Ensure proper ventilation.

### • Avoiding Hazards:

- Do not eat, drink, or smoke while using the product.
- Avoid skin contact. Wash hands thoroughly after use.
- Store in a cool, dry place away from direct sunlight and heat sources.
- Keep the container tightly closed when not in use.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials, including ACRAGLAS® HARDENER & RESIN, gloves, safety goggles, and a wellventilated workspace.

### 2. Mixing:

- Measure equal parts of the hardener and resin as specified in the product instructions.
- Mix thoroughly until a uniform consistency is achieved.

### 3. Application:

- Apply the mixed product to the bedding area of the rifle stock.
- Ensure even coverage and avoid excess application that may lead to spillage.

#### **4. Setting:**

- Insert the metal components as directed, ensuring they are properly treated with the release agent provided in the kit.
- Allow the product to set undisturbed for approximately 24 hours.

#### **5. Removal:**

- After the setting period, carefully remove the metal components to reveal the cured bedding.
- Inspect the bedding for any imperfections and make adjustments as necessary.

## **Disposal Instructions**

- Dispose of any unused product and empty containers in accordance with local waste disposal regulations.
- Do not dispose of the product in household garbage or down the drain.
- Contact your local waste management authority for information on hazardous waste disposal.

## **Contact Information for Further Support**

For further support regarding safety inquiries or product information, please refer to the contact details provided on the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience while using ACRAGLAS® HARDENER & RESIN BROWNELLS 7 OZ. HARDENER. Thank you for your attention to safety!
