

ACRAGLAS® DYES - BROWNELLS ACRAGLAS DYE, BLACK, 1OZ

[Gunsmith Tools](#) > [Stock Work & Finishing](#) > [Stock Bedding Accessories](#) > [Acraglas Dyes](#)

Actually Dyes The Epoxy For Perfect Color

Traditional Brown, Jet Black, Camo Green and White "Toner" dyes actually mix with any epoxy to give even, true color throughout. Use straight for stock bedding or mix with White "Toner" to match wood for crack repair, patching, invisible bedding lines. When bedding fiberglass stocks that are to be painted using our Camo Paints, the Brown, Jet Black and Camo Green colors are a perfect match, so bedding lines won't show. Brown is also the same as in ACRAGLAS and ACRAGLAS GEL® Kits. Use a very small amount of Jet Black to duplicate grip caps, buttplates, etc., in casting molds. White "Toner" doesn't cast pure white; use to lighten other colors.

Attributes

- Name: [BROWNELLS ACRAGLAS DYE, BLACK, 1OZ](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 081030001
- Mfr. No.: 60902-001
- Colour: Black
- Delivery weight: 0.045kg
- Shipping height: 43mm
- Shipping width: 18mm
- Shipping length: 38mm
- UPC: 050806101388

ACRAGLAS® Dyes Safety Instruction Guide

Introduction

Thank you for choosing ACRAGLAS® Dyes by Brownells. This guide provides essential safety instructions to ensure the safe use of our dye products. Please read this guide carefully before using the product to ensure a safe and effective experience.

General Safety Guidelines

- This product is intended for use as a dye in epoxy applications.
- Ensure the product is kept out of reach of children and vulnerable individuals.
- Always use the product in a wellventilated area to avoid inhalation of fumes.
- Wear appropriate personal protective equipment (PPE), including gloves and safety goggles, to prevent skin and eye contact.
- Do not ingest the product. It is not foodsafe and should only be used as directed.
- If you experience any adverse reactions, discontinue use immediately and seek medical advice.

Specific Safety Precautions for Use

- **Hazard Identification:**

- The product may cause skin irritation.
- Inhalation of vapors may lead to respiratory discomfort.
- Eye contact can result in irritation and potential damage.

- **Avoiding Hazards:**

- Always use gloves when handling the dye.
- Use a mask if working in a poorly ventilated area.
- Avoid contact with eyes and skin. In case of contact, rinse thoroughly with water.
- Do not mix with incompatible materials or substances.

Instructions for Installation and Usage

- **Preparation:**

- Ensure the workspace is clean and free from contaminants.
- Gather all necessary materials, including epoxy, mixing tools, and protective equipment.

- **Mixing:**

- Use a clean container for mixing the dye with epoxy.
- Add the desired amount of dye to the epoxy. A small amount of Jet Black can be used to achieve the desired color.
- Mix thoroughly to ensure even color distribution.

- **Application:**

- Apply the mixed epoxydye solution to your project as directed.
- For stock bedding, use straight or mix with White "Toner" to match wood.
- Ensure even application to avoid visible lines.

- **Curing:**

- Allow the epoxy to cure fully as per the manufacturer's instructions before handling.
- **Cleanup:**
 - Clean any spills immediately with appropriate cleaning agents.
 - Dispose of any waste materials according to local regulations.

Disposal Instructions

- Dispose of unused product and empty containers according to local hazardous waste disposal regulations.
- Do not pour dye down the drain or dispose of it in regular household waste.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of ACRAGLAS® Dyes, please reach out to the designated EU contact point provided with your product.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using ACRAGLAS® Dyes. Always prioritize safety and adhere to the guidelines provided. Thank you for your attention to safety.
