

# ACRAGLAS® DYES - BROWNELLS ACRAGLAS DYE, WHITE TONER, 1OZ

[Gunsmith Tools](#) > [Stock Work & Finishing](#) > [Stock Bedding Accessories](#) > [Acraglas Dyes](#)

## Actually Dyes The Epoxy For Perfect Color

Traditional Brown, Jet Black, Camo Green and White "Toner" dyes actually mix with any epoxy to give even, true color throughout. Use straight for stock bedding or mix with White "Toner" to match wood for crack repair, patching, invisible bedding lines. When bedding fiberglass stocks that are to be painted using our Camo Paints, the Brown, Jet Black and Camo Green colors are a perfect match, so bedding lines won't show. Brown is also the same as in ACRAGLAS and ACRAGLAS GEL® Kits. Use a very small amount of Jet Black to duplicate grip caps, buttplates, etc., in casting molds. White "Toner" doesn't cast pure white; use to lighten other colors.

## Attributes

- Name: [BROWNELLS ACRAGLAS DYE, WHITE TONER, 1OZ](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 081030002
- Mfr. No.: 60904-001
- Colour: White
- Delivery weight: 0.068kg
- Shipping height: 38mm
- Shipping width: 20mm
- Shipping length: 33mm
- UPC: 050806101401

# ACRAGLAS® DYES BROWNELLS ACRAGLAS DYE WHITE TONER 1OZ Safety Instruction Guide

## Introduction

Thank you for choosing ACRAGLAS® Dyes. This guide provides important safety instructions to ensure the safe use of our product. Please read this guide carefully before using the dye to avoid any potential hazards.

## General Safety Guidelines

- Always keep the product out of reach of children and pets.
- Ensure adequate ventilation when using the dye to avoid inhalation of fumes.
- Avoid contact with skin and eyes. Use protective gloves and goggles during application.
- In case of contact with skin or eyes, rinse immediately with plenty of water and seek medical advice if irritation persists.
- Do not ingest the product. If swallowed, seek medical attention immediately.
- Store the product in a cool, dry place away from direct sunlight and heat sources.
- Dispose of any unused product in accordance with local regulations.

## Specific Safety Precautions for Use

- Use only in wellventilated areas to minimize inhalation exposure.
- Wear appropriate personal protective equipment (PPE) including gloves and goggles.
- Avoid mixing with other chemicals unless specified in the instructions.
- Do not use near open flames or sources of ignition.
- Always conduct a small test patch on a nonvisible area before applying to the entire surface.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the surface to be dyed is clean and dry.
- Shake the dye bottle gently before use to ensure even mixing.

### 2. Mixing:

- Use a small amount of dye and mix with epoxy as needed to achieve desired color.
- For stock bedding, use straight dye or mix with White "Toner" to match wood for repairs.

### 3. Application:

- Apply the dye evenly using a brush or applicator.
- For fiberglass stocks, ensure the dye matches the intended paint color to avoid visible bedding lines.

### 4. Drying:

- Allow the dye to dry completely before handling the dyed item.
- Follow the epoxy manufacturer's instructions for curing time.

### 5. Cleanup:

- Clean tools and surfaces immediately after use with appropriate solvents.
- Dispose of any waste materials according to local regulations.

## **Disposal Instructions**

- Dispose of any unused or expired product in accordance with local hazardous waste regulations.
- Do not pour down the drain or dispose of in regular trash.
- Contact your local waste management authority for guidance on safe disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with ACRAGLAS® Dyes. Thank you for your attention to these important guidelines.
